Re: Request for Additional Funds for AVTECH Systems MA

Pima County Information Technology Department (ITD) is requesting that funds be added to Master Agreement 18*177 AVTECH Systems, Inc.; our only agreement for the purchase of Audio Visual equipment. This MA was awarded in January 2018 with a not to exceed amount of \$200,000. It is only four months into the contract and we do not have enough funds to complete purchase requests that have been submitted. We currently have pending orders totaling \$282,000 and only \$121,000 available.

The Office of Emergency Management (OEM) has submitted a purchase request for the upgrade of projectors in the Emergency Operations Center (EOC). This grant funded project is estimated at \$94,000. The purchase of thirty (30) video projectors will replace the current video projectors in the EOC. The existing video projectors have reached end of life, and are experiencing failures. Repair and replacement of the video projectors, now obsolete, is not cost effective due to the discontinuation of the older projector model and unavailability of replacement parts. The Arizona Department of Emergency and Military Affairs (DEMA) are providing funding of \$45,000 (50% match) through the Emergency Management Performance Grant (EMPG). The remaining 50% match will come from OEM's general fund budget for a total of \$94,000 to replace the projectors, hardware, installation and programming. In addition, OEM has inquired with regard to purchasing a Microsoft Surface Hub for one of their conference rooms which is intended to be utilized if/when the Crisis Response Team is activated and there are members at PECOC as well as at Admin West 6th floor. The estimated cost of this project, if OEM decides to move forward, is \$32,000.

The Sheriff Department has a pending project for \$60,000 to upgrade their Briefing Room AV system at the Pima County Adult Detention Center. Additionally, three Microsoft Surface Hub projects are pending. General Governmental Services Administration, County Administration and Finance are interested in purchasing the interactive boards. The approximate cost for each project is \$32,000 (\$96,000 total).

Based on our pending orders and historical spending for the past four months, we are requesting authorization to add \$380,000 to Master Agreement 18*177 for an annual not to exceed amount of \$580,000. This amount will allow for the purchase of the pending items and also for the future purchasing of Audio Visual equipment for all Pima County departments.
