Subject: Change in Agenda Procedures

Dear Chair Grijalva,

I have grave concerns about your current proposal to change the way the agenda is currently set.

To create a situation, where a county clerk, an appointed and unelected position in charge of reviewing items, the public would like to address and then to have them brought before a legal counsel, is in violation of our civil rights. We have the freedom to speak and ask those who we have voted to represent us for the opportunities without censorship.

I ask you to honor your oath, to serve the people and abide by the Constitution. This is certainly not in the best interest of the Citizen.

You are here to serve the Pima County residence, and I ask you to step up to hear the voices of your constituents. Censoring us to limited subjects, and seeking legal counsel on items the Public is concerned about is a stretch of the Chair's authority. Please retract this proposal and refrain from rewriting a system that has proven effective.

Respectfully,
SueAnn Christenson

This has been in place for decades. Why is there even a consideration to change it, other than to PREVENT the citizens to have a voice through our supervisor!! The supervisors have a responsibility to the tax payers. Let them continue to represent our concerns. DO YOUR JOBS!!!

It is the right of the public to address matters that concern their lives in the city of Tucson. You should not hamper the process of free speech. I want my Supervisory to represent me efficiently and effectively. Bringing up my concerns should not be bogged down in bureaucratic procedures. Don't fix what isn't broken!

Sincerely,

Karen Chickering
