Dear BOS members,

I'm a writing to each of you to vote NO on agenda item #16. The SMART City initiatives AKA 15- minute cities should not be your focus or priority and permanently removed from the agenda. Pima county residents DO NOT want the county to focus time and taxpayer money on these initiatives.

Respectfully, Mike Swalko PC 106th.

#16 Please vote NO on this and all other "SMART" city initiatives, which are all for controlling citizens. They pretend humans can control the weather. It's Tucson, and it's hot. We'll likely be feeling the effects of the Hunga Tonga volcano for years. Confining people to a 15-minute radius will have zero effect on temperature.

#24. Would the person chosen to be Public Health Evaluation Scientist just rubber stamp federal government "recommendations"? If so, why do we need one? Ask the candidate whether he would've done anything different during COVID.
