Following are my comments for the 5-7-24 Board of Supervisors Meeting*

Addendum 1 Item #6 Southwest Border Executive Sitratrion Report April 18 - 24.

SUPPORT ILLEGALS. That's how you should clearly identify this item. Yes I know your lovely acronym is LPAS, Legally Processed Asylum Seekers. They are not legal, the processing center is barely more than a Welcome Center. Illegals are given paperwork and lots of support from the State, Feds, and NGOs to enter our country and then what? Your numbers are over the top frightening for hard working citizens living in Pima County. If the typical stay is only 1-3 days then why does Pima County spend a million every week? You identify health risks as:

1/1/23 to 1/12/24 Public Health identified 74 cases of Varicella (Chicken Pox) and <10 cases each of Malaria, Tuberculosis, and Scabies infestation. Those are the numbers that you glanced at or did you actually test all those illegals crossing the border? Of course you didn't test, you don't really know how many illegals have been releaseed into our county and our countr, sick or healthy. Unknown data. Your charts and report look impressive. Hard to evaluate what is fact or fiction.

God Bless America
