Subject: RE: Please repair Territory Drive!

Mr. and Mrs. Ostrow,

The below response is being provided to you on behalf Mr. Chuck Huckelberry.

I am in receipt of your email requesting funding to repair Territory Drive. As you may be aware, the Board of Supervisors will be considering an item on their April 17, 2018 agenda to reallocated \$16 million of unspent 1997 HURF funds from road construction projects to road repair work. Included in my recommendation to approve the reallocation of funding is the recommended repair of Territory Drive from Craycroft Road to Grey Mountain Trail.

The proposed work on Territory Drive would consist of removing the top 2 inches of failed asphalt and replacing it with 2 inches of new asphalt. In addition, some stabilization and repair of the shoulder adjacent to the paved surface will occur as part of the work. Subject to approval of the reallocation by the Board, and their concurrence with the roads I have recommended for repair, work on Territory Drive would be done during the fiscal year beginning July 2019. Given that the work will be competitively bid, it is reasonable to expect that the work would not begin prior to mid-2019.

You are welcome to attend the Board of Supervisors meeting on April 17, 2018 beginning at 9:00 AM at the Board Hearing Room at 130 W. Congress Street to relay your support for approval of the reallocation of HURF funds for road repairs, including Territory Drive. Also on the same agenda is a Board discussion on a possible sales tax dedicated solely for road repairs that would enable all unincorporated County roads to be repaired as part of a 10-year road repair plan, in addition to road repairs in the other cities and towns in Pima County. Your input on this important community topic is also welcomed.

Sincerely
C.H. Huckelberry
County Administrator

Respectfully submitted,
~Monica

Dear Supervisor Miller and County Administrator Huckelberry:

We were extremely disappointed that Territory Drive between Craycroft and Grey Mountain was declared a category 5 failed County road recently, and that no County funds were allocated to repair this main collector road for many of the 1800 homes in Fairfield. The frequently recurring potholes, cracks, and road edge failures are both a road hazard for cars and drivers, and an embarrassment to those of us living in Fairfield, and our motoring guests. We are tired of apologizing to our friends and neighbors, for the condition of Territory Drive, and want it fixed in a timely manner.

We understand that Deputy Pima County Administrator DeBoris, Jr. recently met with members of the Sunrise Association Council, and, as a result of that meeting, will ask for a reallocation of funds for County Road Repair, to include Territory Drive.

As regular users of Territory Drive, we wholeheartedly **approve** of that decision. We ask the County Board of Supervisors to vote **for** this reallocation at its upcoming April 17th meeting.

Sincerely,

Jonathan and Ellyn Ostrow
