Dear Pima County Board of Supervisors,

It is time to unmask our kids in school and to repeal resolution 2020-96. As you know very well, masks do not prevent transmission of the Corona virus. Dr Simone Gold likened masks to a chain link fence that you throw sand against and sand still gets through. Few Children get sick of Covid-SARS as they have a healthy, well working immune system. There is also no evidence that kids spread Covid. If teachers are not well and have a compromised immune system by all means these people should stay home. However, healthy teachers need to get back to teaching. Children need the interaction with their teachers and their peers for their mental health and welfare. Please unmask our children and let's get back to normal.

Thank you for your attention to this matter.

Subject: End Mask Mandate

CAUTION: This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

I am requesting for the Board of Supervisors to end mandated masking thru vote in the governmental position they hold on the Board of Supervisors. The key word is mandated! The individual should choose. /Karen Graham, 12927 Westminster Dr, Oro Valley, AZ 85755.
