Your Message

Dear Pima County Supervisors,
I'm a resident in Pima County District 5 and have been very concerned about the prospect of the proposed mining project in the Santa Rita Mountains, for various reasons--chief of which is the issue of water use for mining. But air quality, ecological damage, tailings pollution, truck noise, light interference with dark skies for astronomy, and Native American sacred land desecration are all valid concerns as well.
I respectfully urge you to vote in favor of the resolution reaffirming the county's opposition to the proposed Copper World mining complex.
Thank you.
