Good afternoon,

Of concern to me as a taxpayer who values transparent government at all levels, - is the secrecy and double dipping that seemed to occur surrounding Chuck Huckelberry and his retirement and contract work. It is reasonable to investigate to find the full facts here and provide the people - the taxpayers who paid for it all - an accounting of the situation.

There are other ways we have to audit and get transparency, but I am hoping you do the right thing for Pima County in this one instance of seeming impropriety, and potential financial malfeasance. To do so would show a willingness to be accountable and provide truth in your servant roles.

More transparency in the days ahead is inevitable due to the fact that so many are now aware, educated, and involved.

Thank you for your consideration, and for acting on behalf of the people without regard to party or financial influence.

***Be well, be strong, be wise,
Rayana***
