I request the following comments become part of the Addendum comments for the Board of Supervisors Meeting of Tuesday December 7, 2021.

Item 12 Process for Off-Boarding Unvaccinated Staff Who Work With Vulnerable Populations
Please change this item to "Off-Boarding Unvaccinated and Catholic Staff Who Work With Vulnerable Populations" and make the necessary accommodations to include all those individuals who are Catholics. That's how tyrannical this edict is. And I trust you are insuring no county employee is coming into contact with those covid positive "asylum seekers" being housed by the County.

Following is my comment for the Board of Supervisors Meeting 12-07-2021

Addendum 1
Item #12 Off-Boarding

A creative title for firing those who want to make their own medical decisions. You may control their work product but you don't control their health decisions. Your continued push for vaccines will eventually backfire in your face and we will all pay the price for losing Pima County Employees.

Addendum 1
Item 12

Our Pima County Employees deserve to make their own health care decisions. Stop the continual push for mandatory vaccines. You will lose valued employees. Its time to move on to other important issues we are facing here in Pima County.

Speaking of an important issue. It's time to MEET IN PUBLIC, Quit hiding behind ZOOM Cameras!! ENOUGH OF THIS!
