Re: **City of South Tucson Secondary Property Tax Levy**

As you know, the County received a claim from residents of the City of South Tucson regarding a secondary property tax levy for past several fiscal years. Attached for your information is the material received by the County from the City of South Tucson requesting the Fiscal Year 2013/14 tax levy. For the current year, we received 89 such resolutions from other taxing districts within the County and the County School Superintendent.

As you may recall, the County administers the property tax collection process for all jurisdictions within the County, and we levy those taxes requested by the various taxing jurisdictions. The responsibility for the legality of the levy and rates requested lies with the governing body and their respective legal counsel.
