Hi,
I'm writing this email because I recently found out that the school was in danger of shutting down or closing.
I'm a former student graduated 2011 and my brother is currently attending this school.
It breaks my heart that the school that helped me graduate is shutting down or already shut down, I'm hoping there is something that can be done?
If not I just wanted to thank you all for helping me and helping my brother become better overall!
