Ms. Davis,

I received your May 8, 2018 email. The proposed purchase of the Golden Pin Lanes is to consolidate a number of County services that have been in leased properties, which means we rent the property from others and make rent payments for which we have no benefit other than a rent receipt. To date, we have paid over \$9 million in rent rather than the \$2.8 million purchase price of Golden Pins. We intend to remodel the facility, similar to what the City of Tucson has done with the former Kmart site just west of this facility. There are no tax increases scheduled with this acquisition, as it will be a net benefit to the County and perhaps actually reduce taxes.

In the future, when the consolidation of various County service providers has been completed, i.e., Health Department, Adult and Juvenile Probation, Employment and Training and others, services should be improved at substantially reduced costs.

I hope in the future the public has an opportunity to vote on road repair.

CHH

Please, just fix our roads instead of fiddling (while our roads get worse and worse) with purchasing an asbestos contaminated bowling ally for an above market price and then hiding that fact by proposing a 5 year contract to deal with asbestos removal and locking accounts for asbestos removal already done on a small part of the property.

Stop fiddling and FIX THE ROADS in Pima County like you are supposed to. NO NEW TAXES. Enough already.

Thank you,
Vicki Davis

We are opposed to our tax dollars being used to purchase an asbestos laden bowling alley that will bleed more taxpayers monies. PLEASE FIX OUR ROADS. We are tired of the lip service and misuse of taxpayers dollars. We hope someone obtains an injunction to keep this board from misusing our money any further.

The DeRosa's
