## 10. **RATIFY AND/OR APPROVE**

Minutes: March 12, 2013

## **REGULAR AGENDA/ADDENDUM ITEMS**

### 12. **PROCUREMENT: AWARD**

The Board of Supervisors on March 19, 2013 and April 2, 2013, continued the following:

Limited Competition: Award of Contract, Requisition No. 13000301, TekSystems, Inc., (Headquarters: Hanover, MD) for staffing services in the amount of \$1,500,000.00. Contract is for a one year term and includes four one year renewal periods. The Award includes the authority for the Procurement Director to process renewals without further action by the Board of Supervisors provided that the sum of the contract amount does not exceed the award amount. Funding Source: General Fund. Administering Department: Information Technology.

Supervisor Miller questioned the expenditure for this award, whether it was a result of the current understaffing in the Information Technology Department and needed clarification regarding the language for renewal of the contract.

Chuck Huckelberry stated this money was from the General Fund within the IT budget and was a result of reduced staffing in the department. As qualified staff was hired, the need for the contract would be reduced. He assured the Board any further renewals would be presented to them for approval.

Supervisor Bronson stated that IT seemed to have become the black hole where money was being funneled in the budget without a strategic plan. She requested more detail regarding the County Administrator approved cost reductions and corresponding investments, and inquired on the 64 active projects, their priority and the staffing levels of those projects. She commented on the high turnover of staff and asked if exit interviews had been conducted and requested statistics from those processes. She also asked for an independent survey from departments regarding their interaction and satisfaction with IT services. Supervisor Bronson commented that IT costs would be a huge factor in budget deliberations and that a comprehensive approach needed to be taken moving forward with regard to selection of systems as serious money would be involved in IT planning.

Lionel Bittner, Chief Information Officer, reported that business plans and technology initiatives had been developed with super departments which then determined that IT would not have the fiscal or personnel resources during 2014 to perform all of the projects. A Technology Council comprised of key

management personnel was established to set priorities. He further explained the reorientation of staff into different positions.

Chuck Huckelberry, County Administrator, stated there were several different department priorities for large dollar purchases that had been considered by the Technology Council. He pointed out that several existing programs, such as the payroll system, were in need of replacement. He related that there were several competing priorities and their associated cost implications and stated staff would report these to the Board on a quarterly basis.

Supervisor Elías stated the concept of hiring local through the vendor because the County could not find local employees made no sense. He wanted the Board to understand and recognize the IT needs of elected officials as part of a plan moving forward and requested the reporting process begin this August.

Mr. Huckelberry stated that moving forward the Board would be informed of proposed systems, the basics, the add-ons, additional costs and then a determination would need to be made regarding where to financially draw the line.

Supervisor Bronson commented on the risk involved with having limited staff with institutional knowledge of the working of current systems.

On consideration, it was moved by Supervisor Miller, seconded by Supervisor Elías and carried by a 4-1 vote, Supervisor Bronson voting "Nay," to approve the award with the stipulation that requests for further renewal be brought back to the Board of Supervisors, and to move forward with the IT reporting process as discussed.

Supervisor Bronson stated she could not support any type of renewal of the award.

14. **COUNTY ADMINISTRATOR: ARIZONA HEALTHCARE COST CONTAINMENT SYSTEM**

RESOLUTION NO. 2013 - 25, of the Board of Supervisors, in support of the Governor's Medicaid Plan.

Geri Ottoboni addressed the Board regarding the funding of this Plan and its impact on the taxpayers.

On consideration, it was moved by Supervisor Elías, seconded by Supervisor Bronson and carried by a 3-2 vote, Supervisors Miller and Carroll voting "Nay," to adopt Resolution No. 2013 – 25.

Supervisor Carroll and Supervisor Miller stated that the risk for the Plan was high and they would be following a fiscally conservation approach and could not support the Plan.

15. **COUNTY ADMINISTRATOR: REFUGEE ~~IMMIGRATION~~ SUPPORT SERVICES**

Staff requests an allocation from the Board of Supervisors' Contingency Fund to Catholic Community Services of Southern Arizona in the amount of \$34,000.00 to match the Click Family Foundation Grant for the provision of transportation services and employment training.

On consideration, it was moved by Supervisor Elías, seconded by Supervisor Carroll and carried by a 4-1 vote, Supervisor Miller voting "Nay," to approve the allocation request.

Supervisor Miller stated that while she applauded the foundation grant and the services it would be providing, she thought these types of requests depleted County funds and that additional monies should be coming from the private sector.

16. **CONTRACTS**

A. **Community Development and Neighborhood Conservation**

Supervisor Bronson asked for clarification on future contract extensions. Lionel Bittner, Chief Information Officer, stated this would be the last extension if the department could fill a couple of vacant positions.

On consideration, it was moved by Supervisor Bronson, seconded by Supervisor Elias and unanimously carried by a 5-0 vote, to approve the contract.

**18. PROCUREMENT: AWARD**

Most Qualified: Award of Contract, Requisition No. 13000265, Tucson Recycling and Waste Services, L.L.C. Contract is for a ten year term and includes three five year renewal periods. The administering department will work with the contractor to reduce the total cost to the County. The final contract will be presented at the May 14, 2013 Board of Supervisors' Meeting. Funding Source: Solid Waste Special Revenue Fund. Administering Department: Environmental Quality.

Supervisor Miller questioned the purchase of the land for the Sahuarita and Ajo Landfill sites, and the tire collection and recycling program.

Chuck Huckelberry, County Administrator, stated the land for both sites was County owned property. He said staff would bring the contract back to the Board

at the meeting of May 14, 2013, to detail the arrangements for the unique community of Ajo and the tire and recycling programs.

Supervisor Bronson stated her concern regarding desert dumping and the burden of the fees on the communities of Ajo and Catalina. She said there was a lack of commercial haulers west of Ryan Field, in the areas of Avra Valley, Picture Rocks and Arivaca, and that the areas needed to be accommodated.

Ursula Kramer, Environmental Quality Director, stated the contractor would be honoring the low income discount program and would continue to accept green waste as was currently done.

Supervisor Elias requested that the current inefficient system for the low income discount program be reviewed and upgraded.

Mr. Huckelberry stated award of this contract would be a fundamental change for handling solid waste. He also requested direction regarding the current policy against importation of waste into the County.

On consideration, it was moved by Supervisor Bronson, seconded by Supervisor Elías and unanimously carried by a 5-0 vote, to approve the award and provide direction that the policy regarding importation of municipal waste be waived to allow the vendor to haul from Pinal and Santa Cruz Counties.
