To the Pima County Board of Supervisors:

I was extremely pleased that the board voted 3-2 against mask mandates for K-12 students this past week. Steve Christy, Rex Scott, and Sharon Bronson, thank you for following AZ State Law, and thank you for protecting my daughter from further emotional abuse. However, I have been made aware that Dr. Matt Heinz is continuing to go against the will of the people and push these unlawful regulations.

As I shared with all Supervisors via email this past week, my daughter, [REDACTED]. The simple act of putting a mask over her mouth, dredged up memories of [REDACTED] and caused her [REDACTED]. The other option of being isolated at home, triggered reminders of [REDACTED]. When I told her that you had voted down the mask measure, she cried tears of joy! She was terrified to have to go through the trauma again.

To Dr. Matt Heinz, where is the evidence that masks work? Many boxes of masks say that they DON'T prevent Covid. Cloth masks have been proven to provide zero protection against Covid. More often than not the masks are making kids sick and giving them horrible headaches.

The evidence shows that Covid-19 poses almost NO risk to kids 20 and under. According to the AZ Department of Health Services, out of 955,767 cases statewide, 162,416 have been in people 20 and under. Out of those 162,416 cases in young people, there have been 35 deaths. You being a Dr, I would expect more facts. In 2018 and 2019, 480 kids died from the flu NATIONWIDE. Where were the masks then? Were we forcing our children to wear masks for hours on end then? Where is the logic here?

As for mandating vaccines, that is a huge violation of our constitutional rights and freedoms. According to the Nuremberg Code, people must give consent before submitting to medical experimentation. The last time I checked, the mRNA Covid shot is a) experimental and b) not FDA approved.

Thank you all for your time. Have a wonderful day!

Rachel Jones

Subject: Monday Meeting 8/16 COVID-19 Mask Mandate Schools K-12

CAUTION: This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Dear Pima County Supervisors:

I am writing to you as a concerned parent/former teacher/college student about the spread of COVID-19 in Pima County schools. My son is apart of MUSD and almost nobody in his class or at school wears masks. I kept my son home from school the entire school year last year in order to keep him safe. My son has special needs that cannot be met at home and I was hoping he could start kindergarten safely. The COVID-19 numbers are rising once again within Pima County and I am concerned for my son. Masks only work if everyone is wearing them. With this said, please consider a mask mandate for Pima County. Kindergarten is scary for every parent, let alone starting Kindergarten in the middle of a pandemic at school where nobody is wearing masks. If you do not want to wear a mask to protect yourself at least wear one for the children who do not have a choice in vaccinations. Thank you.

As a parent of a 5 year old kindergartener and a critical care nurse, I am asking that you vote in favor of the mask mandate.

These kids need to be able to stay in school and have that socialization and interaction outside of the home. The only way that we can ensure these kids have the greatest chance of staying in school is by using all mitigation measure possible. Mask do work! Kids want to be at school. The constant upheaval of going back and forth from remote to in person learning will make these kids suffer more. And honestly this back and forth will be hard on working parents as well. If my district doesn't get on board and start fighting for these kids and there health and safety, I will be forced to pull my child and they will lose funding. Children's health and safety need to be our priority now! They are our future.

Thank you,
Jennifer Kreidler

AUG 12 21 PM 01:12 POC CLK OF DD

Dear County Supervisors:

I am writing to you as a concerned Arizona resident, former high school biology teacher, and mom of 3 kids, **asking that you re-consider adopting a County Resolution requiring universal masking in K-12 schools within county boundaries.**

Children in Arizona have a right to safe schools. However, safety is NOT what is happening in the majority of schools in this county and state. Within just the first days back to school, countless parents have received "exposure notices" and multiple schools have had to move entire classrooms or even multiple grade levels back to remote learning due to widespread cases. Not only is this a harm to the physical health & well-being of our students and their families, it is a public health concern for the entire community. Widespread school outbreaks will lead to undo stress on our already burdened hospital systems and put economic strain on businesses as thousands of caregivers have to miss work due to sick and quarantined kids.

The clause snuck into the budget bill by the legislature that removes local control and bans schools from implementing such policies is likely unconstitutional. Furthermore, this "law" doesn't take effect until Sept. 29 and poses a serious risk to public health. It's already having disastrous effects on our school campuses. This short-sighted attempt to ban masks and mitigation in our schools goes against the recommendations of the consensus of public health experts including that of the CDC, the American Academy of Pediatrics (AAP), Arizona Department of Health Services, and the Pima County Public Health Department. All of these agencies are calling for layered mitigation strategies including universal masks for all K-12 students and staff in schools.

Unfortunately, the virus has mutated to a much more transmissible form and it is *imperative* that we change course as a result. According to Banner Health Chief Clinical Officer, Dr. Marjorie Bessel, hospitals have seen a 95% increase in Covid-19 patients since July 1 and the AAP has just reported a recent 84% increase in pediatric cases. Some children's hospitals in other states are reporting completely full PICUs. Pediatric specialists and intensive care teams are an incredibly finite resource. Please do everything in your power to see that our children in your communities will still have access to quality care and take appropriate measures to limit their need for hospital care in the first place.

Please choose to stand with our children in supporting a safe return to the classroom by adopting a County Resolution requiring masks in K-12 schools as soon as possible.

Sincerely, Sara Wellensiek

Please stop these mandates that are not helping ANYONE except those who want to control others. The masks cause more harm than help. They have been proven through multiple tests that they are worthless in keeping the virus out. The virus is smaller than the mask filtration so it is breathed out and in. All the mask does is control people and allay fear to those who have been deceived.

The vaccines are NOT vaccines. They protect you from NOTHING and on the contrary they do nothing but harm. There is so much truth out there if you look for it.

A huge red flag to you should be all the censorship going on and the huge push for a shot that hasn't even had the time to be tested properly.

Subject: Cease & Desist ALL DISCUSSIONS Re: Mandated Masks, Vaccine Injections & Retribution

CAUTION: This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Pima County Board of Supervisors body -

We, the people of Pima County, demand you cease and desist ALL DISCUSSIONS relating to the mandated mask wearing, vaccine injections and any retribution against those who do not wish to do either one!

On August 10, you voted down the measures to mandate mandatory masks for K12. No further discussion will be tolerated on this subject! You are demanded to table ALL DISCUSSIONS on this matter immediately and permanently!

On August 10, you voted down the measure to mandate all Pima County employees to be vaccinated/injected starting October 1. No further discussion will be tolerated on this subject! You are demanded to table ALL DISCUSSIONS on this matter immediately and permanently!

Now you are looking to FORCEFULLY VACCINATE/INJECT our healthcare workers. You are to TABLE THIS MATTER PERMANENTLY!!!

If you decide to proceed on discussion and implementation of any of these matters, please be advised you are hereby warned of the consequences of your actions! You are violating Governor Ducey's Executive Orders regarding this matter in the state. There are to be NO MANDATORY VACCINES, NO VACCINE CARDS/PASSPORTS and you have ZERO rights to violate anyone's rights, civilly or medically! We also noticed you refuse to allow any religious exemptions in your proposed mandate, which is also illegal!

Your mandate violates the Arizona State Constitution, Constitution of the United States, Bill of Rights, HIPPA and other civil and discrimination laws. These carry serious federal and local penalties, which you will be tasked to suffer should you proceed with this discussion and vote!

This will no longer be tolerated by the people of this state and Pima County.

You are hereby mandated to cease and desist before your actions lead to legal penalties!

Regards,

Justine Wadsack

Pima County Board of Supervisors,

I wanted to share my support for mandating masks in Pima County and especially in K-12 schools. We need to do everything in our power to protect our most vulnerable who are not yet able to get vaccinated. Science supports universal masking and that making masks voluntarily is not enough.

Thank you,

Kresta Leal M.Ed.

Subject: Mask Mandate Resolution

CAUTION: This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Date: 8/12/2021

Dear Pima County Supervisors:

I am writing to you as a concerned Phoenix pediatrician to thank you for adding Resolution of the Pima County Board of Supervisors Mandating the Use of Face Coverings in All K-12 Schools Within the County, as an Effective Mitigation Strategy to Keep our Children Safe from COVID-19; Effective Immediately to the Pima County Addendum Agenda for 8/10/21. Thank you to the Pima County Supervisors who voted in favor of this critical Resolution.

I urge Pima County Supervisors to bring the issue back to the Board of Supervisors on Monday, August 16 and to vote in favor of the County Resolution requiring a universal mask requirement in K-12 schools. A county mandate will help keep our children and community safe.

According to Banner Health Chief Clinical Officer, Dr. Marjorie Bessel hospitals have seen a 95% increase in Covid-19 patients since July 1 and 300% increase in ventilators and there is substantial spread in the vast majority of Arizona counties. Arizona is also second in the nation for pediatric deaths related to COVID-19, according to data published recently by the American Academy of Pediatrics. The science around masking is settled. Masks work to prevent disease transmission. All recent public health agencies, both national and local, have issued statements recommending universal masks for K-12 students in schools.^[1]

Arizonans have a right to safe schools for Arizona kids. Governor Ducey is attempting to prevent school officials from implementing any public health mitigation strategies in line with leading public health agencies, including the CDC and Arizona Department of Health Services (ADHS) to help protect students, all while COVID19 cases are again rising in our communities and more contagious variants are becoming more widespread.

The law passed by the state, banning schools from implementing such policies is likely unconstitutional,^[2] doesn't take effect until Sept. 29 and poses a serious risk to life and health.

Pima County has a duty to protect the health of the community under Arizona law. Arizona Revised Statute Title 36 authorizes counties and local health jurisdictions to protect the health of the community during contagious diseases outbreaks. It is your duty to take action.

Please choose to stand with our children and Arizona communities in supporting a safe return to the classroom by adopting the Resolution requiring masks in K-12 schools.

Thank you,
