There is no question that, by law, Arizona's open-meeting law allows members of the public to be present while governing public bodies debate. From the legal opinion it appears to have board member(s) declare a citizen shall be excluded is prohibited. It is time to reword the Board's ordinance that governs decorum at meetings to reflect the law.

And the above all begs the question of why this citizen's request of an investigation has not been forthcoming. "Do as I say, not as I do" is not a legal basis to allow missteps by a board member while vilifying a citizen.

As I wrote for an earlier Board meeting - Shame on you for your actions, and double shame for no follow up to a citizen request.

Addendum 1 Agenda Item #3 Legal Opinion Regarding Expulsion of Citizens at Board Meeting
All citizens and many guests are welcome to attend Pima County Public meetings. Pima County has plenty of issues to resolve. Let's look at operating the Board of Supervisors' meetings for the benefit of Pima County, and not create special interest cliques. **Stand by the Board of Supervisors oath of office.** If that is a problem for any Supervisor, then please step aside.

God Bless America

Supervisor Christy-

I want to take this opportunity to thank you for taking the time and effort to obtain a legal opinion from Thomas Denker an attorney who knows the Arizona State Law and the U.S. Constitution. As Thomas Denker stated Pima County acted unlawfully under Arizona State Law and the U.S. Constitution by excluding a citizen from the BoS meetings.

Your actions in defense of your constituents and Arizona citizens is to be applauded. Thank you.

I have also copied the rest of the Board of Supervisors and Clerk of the Board asking them to follow Arizona State Law going forward and to "brush up" on the United States Constitution.

Re: 3/21/2023 AGENDA ADDENDUM Exclusion of Citizen from public meetings

Thanks to Supervisor Christy for sticking up for the First Amendment Rights of US citizens.

It is reprehensible of Adelita Grijalva to censor a US citizens' rights to Free Speech.
That's what tyrannical communist tyrants do in 3rd World countries.

Adelita, if you cannot take the heat, stay out of the kitchen.
We the People have a right to free speech.

Ms Requard has brought up to you a valid charge. We all witnessed that Matt Heinz while on a cruise had a young stripper in his cabin. That happened during working hours! Ms Requard has the right to address you. A Pediatric Nurse of many years, she has the experience needed to judge this young man as not being past puberty. He had a baby face without beard. When he took off his shirt, we saw he had no chest hairs, nor any hairs in his arm pits. Being charged with pedophilia is a serious crime. It should not be taken lightly. It is understood that the board has no interest looking into this, but you should at the least use due diligence and hand it over to the authorities to investigate it. The Sheriff may clear Heinz of any wrongdoing when checking the "nephews" age.

Do you know that Heinz has been fundraising off his indecent exposure video call?
Heinz is fundraising on being GAY! He accuses people of HATE CRIMES against Gays. Disgusting!

Heinz, people don't care about your personal preference. People care about what you are doing during working hours being paid a salary with our tax monies. We care about the fact that you do not show up in person most of the time. Then you vote on and make important decisions and projects that impact our live most often negatively. We don't care if [REDACTED]. We care that it happens while on government time and dollars.

On another note, WHY does Heinz get to vote on items when he is not present during roll call? That is not right! Isn't there a Pima County administrative policy that prohibits this?
Jan Leshner, please provide the public with the appropriate policy that applies.

We expect you to bring the information to tomorrows or the next board meeting.

Clerk of the Board, provide the public with dates, how many times Matt Heinz has missed roll call. How many times did he not show up to face the public. We know on February 8th he avoided the Public, sitting in the backroom making disparaging remarks about his constituents. Clerk, please provide dates of the missed roll calls to the public. He should be fired.

Reminder, Heinz has a history of name calling and threatening the people. He was calling people murderers for not getting those dangerous mRNA gene altering shots. In a public Pima County Health discussion, he said, "We can't charge them with MURDER YET!" Heinz has been wrong about the lock downs, masks did not keep you from getting COVID, the shots were NOT SAFE NOR EFFECTIVE. Ruining people's lives, livelihoods, and loss of jobs! Heinz may be responsible for adverse events caused by the shots, such as myocarditis, Guille Barre syndrome, Bells Palsy, Shingles, decrease in fertility and possibly even deaths!

Time to RESIGN for Matt Heinz! Tucson and Pima County can do better.
