Your Message \$450,000 for an affordable housing study ? What a TOTAL WASTE OF TAXPAYER MONEY!!!! Everybody already knows that housing is not affordable - you don't need a study for that. This is just wrong on so many levels. Since you have so much money to flush away on a worthless study, you obviously have too much money coming in and it would better serve the citizens to cut the Pima county taxes instead. You apparently have no common sense and this does nothing to serve the people you are supposed to represent. What a total lack of judgement. It is obviously time to vote out all of the supervisors when they come up for re-election and vote in people who are not going to waste our money

Would you like a response? Yes
