

I hope you will use the strongest language possible to oppose Interstate 11 through Avra Valley and Picture Rocks.

If you would like to see additional pictures of what would be lost if Interstate 11 is built away from the existing interstates go to: <https://www.frankstaub.com/Folders/Here-Today-Projects-I-11-Bike-Ranch-Villages-at-Vigneto/Interstate-11-What-Would-be-Lost>

Thanks for your attention and thanks for this opportunity to express my opinion.

Is there anything more iconic in Pima County than the giant saguaro cactus? The proposed western corridor for interstate 11 contains a large number of very large, very old saguaros. A few of them are in these photos.
