I am Sharon Fickes, legal Pima County, Arizona citizen contact [REDACTED]

Item #10 Santa Cruz River Urban National Wildlife Refuge spanning both Santa Cruz & Pima Counties
This wildlife government program connects a network of public lands and waters managed by the U.S. Fish and Wildlife Service. **Nine** Arizona Wildlife Refuges controlling 978,267 acres of public land and waters currently exist. It appears more government control with various requirements for access. Does Arizona need another Urban Wildlife Refuge and more Federal government involved in Arizona? **VOTE NO**

God Bless America

Please act with our intentions in mind. Reminder you work for us.

Item #10

Please support this action, with the caveat that we must be extremely cautious about more and more private land being acquired by the government which can decide at a moments notice to exclude us.

Item #21

Vote **NO** on this item. Pima County, like the rest of the state and country, is in desperate need of economic relief, but not as an excuse to usher in the kind of centrally-controlled SMART megaregion which the Sun Corridor, Inc. seems to have in mind.

Item #22

VOTE **NO** the we will be happy to give financial support to DMAFB when we are certain that the US military is treating its own personnel appropriately and working to defend US citizens and not treat them as experiments or enemy combatants.

Item #24

VOTE **NO** it is time to stop accepting funding. Even Jan Leshner recommended against further grant funding.

Item #38

Vote **NO** on this item. Please support infrastructure and resources for people which enable them to transact in society as free human beings.

Very concerned citizen of Pima County.,
