Suzanne Shields  
Director and Chief Engineer  
Pima County Regional Flood Control District  
97 E. Congress, Third Floor  
Tucson, AZ 85701

**Re: Appointment of Town Staff to Replace Farhad Moghimi on the Pima County Flood Control District Advisory Committee**

Dear Ms. Shields:

As the former Public Works Director / Town Engineer, Farhad Moghimi represented the Town on the Pima County Flood Control District Advisory Committee. Following his departure, the Town wishes to appoint other staff to serve on this committee.

Dave Pfordt, Public Works Project Manager, is currently serving on this committee as the Town's designated alternate and he presently serves as Chair. This letter serves to appoint Dave Pfordt as the Town's official representative and Joel Harris, Civil Engineer, as the designated alternate.

We look forward to our continued participation on this committee. Please contact me if you have any questions or require additional information.

Respectfully,

Kelly Udall  
Town Manager
