Re Agenda Item #29, Consent for Sale of Communications Easement.

Greetings,

It appears that Pima County has about 29 cellular Licenses. They are managed by Real Property Services ("RPS") with New Cingular Wireless, Cellco Partnership (Verizon), Sprint Spectrum (T-Mobile), CCTMI, LLC and PTI (the "Licenses").

These licenses are used for wireless communications facilities located in Pima County right-of-way or on County-owned property.

Ms. Leshar, the County Administrator has recommended that the Board of Supervisors approve the sale of the easement

by auction to the highest bidder at a minimum of \$8,570,000. We are aware of what you are doing!

You are quickly selling these properties to a private company, so you can absolve yourselves of any lawsuits or responsibilities.

You are discussing to auction off County-owned property to avoid dealing with the peoples' demand that you interact with us in good faith and negotiate for the safety, protection, and property values of all Pima County residents.

Ms. Grijalva and Pima County Supervisors, we know you have discussed with Mayor and City Council the pesky citizens that will hold you personally responsible for violation of Arizona and US Constitution and violation of your oath of office. Why won't you do what's right and lawful? Meet with us in a public hearing,

a special session and avoid any negative repercussions for you according to the law.

For your information and reminder, during a City Council meeting in February or March of 2021, Mayor and City council unanimously approved to create a protective ordinance regarding 5G wireless towers and sWFTs in

Tucson and Pima county. Even though it was unanimously approved, it was never acted upon. What happened?

We the People provided them with a protective ordinance, they could copy and add to it and approve it. They listened instead to the City Attorney Rankin and his partial citation of State statutes.

MM

They and you have not looked further to protect the community you swore an oath to protect. You all have failed us miserably. There will be consequences.

Unfortunately, there's a lot of negative evidence against you, how you are harming the people. As Americans, we must frequently instruct you our servants of the perpetuity of individual rights to maintain a free government.

Notice to Agent is Notice to Principal and Notice to Principal is Notice to Agent

As one of We the people, I come to you sui juri, in this court of record, and I am availing myself to the following

Constitutions, as is my right as an American, a citizen of the United States of America:

Alabama Constitution Article I "Bill of Rights" Section 2: People Source of Power

"That all political power is inherent in the people, and all free governments are founded on their authority, and instituted for their benefit; and that, therefore, they have at all times an inalienable and indefeasible right to change their form of government in such manner as they may deem expedient."

Virginia Constitution Article I "Bill of Rights" Section 3: Government Instituted for Common Benefit

"That government is, or ought to be, instituted for the common benefit, protection, and security of the people, nation, or community; of all the various modes and forms of government, that is best which is capable of producing the greatest degree of happiness and safety, and is most effectually secured against the danger of maladministration; and, whenever any government shall be found inadequate or contrary to these purposes, a majority of the community hath an indubitable, inalienable, and indefeasible right to reform, alter, or abolish it, in such manner as shall be judged most conducive to the public weal."

Please take notice, do you believe you are acting as adequate agents of the People while allowing our Republic to be torn apart by failing to secure, investigate, prosecute, prevent or protect We the People? You, Pima County Board of Supervisors, government officials, agencies and/or actors have failed to respond adequately to the following:

- Southern Border Crisis as it is wide open and unsecure. We are being invaded by unknown foreign actors bringing sickness and harm.
You are committing treason by aiding and abetting our enemies the Mexican Cartel, by aiding and abetting their human victims,
you are keeping them free to deal in drugs (Fentanyl from China) that are killing more than 100,000 people a year.
- Corrupt CPS system in all 50 states which is being used to facilitate child sex trafficking.
- Attacks on our food supply via numerous food plant fires across the Republic; massive livestock deaths.
- Train derailments and truck accidents causing spills of hazardous chemicals causing catastrophic damage to our water supply.
- Contaminating our air by continually spraying with heavy metals and other chemicals. **(Provide Environmental Impact study**

re American Battery Company on over pumping our aquifer and disposal of toxic metals in brine water.)

- Elections are insecure and being maladministered, our servants are not following the form prescribed by law.
- Children suffering indoctrination via Public Education, including age-inappropriate sexual education curriculum.
- Unlawful public health and safety mandates that effect and intrude upon the private lives of the People. **(Digital ID, contact tracing, unscientific vaccines & mask mandates, digital cages: 5G cell tower targeting people's health & safety)**
- Listening to Big Pharma instead of our healthcare system protecting us with repurposed medicines.
- Absurd inflation and intentional high gas prices due to the willful misconduct and mismanagement by our delegated agents.
- **Attacks against our guaranteed right to free speech, including biased and dishonest news media.**
- Notices of redress and remonstrance repeatedly being ignored by our elected officials, including those demanding the impeachment or removal of any and all government actors who fail to act to execute their duties to protect the People and the states from all the above (but not limited to) attacks or disasters.

Any agent who willfully ignores these issues and fails to uphold their oath and contract with the People will equally be held liable and worthy of the same punishment.

Please take Notice: We the People understand that you have already sworn an oath to perform the above prescribed duties, at all times, and that you are strictly bound to your contract and trust indenture as expressly declared in the 51 Constitutions. Therefore, We the People have the absolute authority, guaranteed by right, to remove you at will for being incapable of fulfilling the duties of your office as your contract demands and prescribes. As an agent of the People who is bound by contract to the People, we demand that you respond within 3 days of this notice, by affidavit, sworn under the penalty of perjury with your response to our above point of clarity. Please include the Constitutional authority that grants you the privilege to ignore your contract and allow the People to suffer as a direct result of the emergent issues that are ravaging our Republic due to the massive neglect and maladministration from our very own government agents. Failure to provide the clear grant of constitutional authority confirms that your actions are a trespass against the People with full knowledge, intent and malice. Furthermore, you agree by acquiescence, all statements in this Notice to be true and fact and that no court shall be able to rehear this matter, but it shall stand as evidence, truth and law in all courts of record.

This notice is sent to you in peace and with the love of Christ, so that you may provide due care to those who have all political power, the People.

In Liberty,

Gisela Aaron
