January 19th 2021 Board of Supervisors Meeting

Letter for Public Comment regarding County Administrator, Mask Mandates, Mandatory Curfews

Pima County Board of Supervisors and Supervisor Steve Christy:

It is apparent that you have lost touch with the people you represent in Pima County, and it is becoming more apparent how you continue to remain in office. Apathy of the Pima County resident, who does not actually become involved and informed enough to vote you out of office, and/or election interference. Neither are becoming of a respectable, or honorable public officer, of and for the people of Pima County.

The Pima County Board of Supervisors mis-guided approach to mitigate the pandemic "virus" known as COVID-19 is adding to the health crisis. You have neglected to fulfil your responsibilities and provided conflicting data which created a breach of public trust, while you have violated the Constitution of the United States and the Bill of Rights. A curfew does little to control an invisible virus and only serves to CONTROL THE PEOPLE!

Supervisors have created chaos with: the "Wall-of-Shame", mandatory curfews, mask mandates, closed businesses, lost employment opportunities, closed schools, and sadly alienated our most vulnerable citizens the youth and the elderly creating systemic depression and suicides. Based on YOUR DATA – the only reasonable conclusion is YOU HAVE FAILED.

Supervisors, you have taken advantage of your position and you have taken advantage of your constituents. The majority of local citizens are aware and informed, I can only hope it creates more difficulty in your constant infringement on our rights as citizens of a Republic. A Republic is a Republican form of government and it is based on Constitutional Law, and Law of Contracts, which mimics your "Statutes" and "mandates" if you have no

respect for the Constitution and Bill of Rights, then We the People will have no respect for your Statutes and arbitrary "mandates" or Executive Orders, which are not considered ratified law.

First - I am here to urge you to TERMINATE the MANDATORY CURFEWS and lift the SANCTIONS you have placed on Pima County Businesses and Residents.

Secondly – It is an American Value to have the Competition of ideas in a Free Republic. Chuck Huckleberry is not the ONLY qualified candidate. He is just the ONLY candidate you will consider. We the People DO NOT SUPPORT CHUCK HUCKLEBERRY. Policies, Resolutions and Bad Investments have increased taxes which affects the first time home buyer, to the elderly citizen trying to remain in their home. Policies and mandates have decimated small businesses and eroded jobs and employment opportunities. Under Mr. Huckleberry's leadership Pima County has become the laughing stock of the state with stagnant growth and a lack of job or business opportunities. There is no reason why, We the People should entertain extending the contract for employment for Mr. Chuck Huckleberry much less consider a raise. Pima County employees some remaining furloughed using their sick time, were told there would be no raises in 2021.

With a lack of future tax funds given the current situation, and the failed leadership it is time to look elsewhere for real results and leadership. Mr. Huckleberry should go home and enjoy the retirement the citizens of Pima County have already so graciously afforded him with gratitude.
