Hello,

My son is a member of the Junior Roadrunner program, and we urge you to approve the Mosaic Quarter project to benefit the community and youth of Tucson.

Over the past 5-6 weeks, my son has only had the opportunity to play ice hockey one time (one practice in mid-February). We understand the TCC has other commitments that take priority (Roadrunners, UA hockey, Gem & Mineral Show, etc). This is why it is imperative to make a space with permanent ice that can be available to the community and give these kids every opportunity to participate in sports that make them happy and healthy. I have no doubt if more ice time were available to the public, the youth and adult hockey programs would see major growth.

I myself, have wanted to join an adult Learn to Play hockey program, but we do not have the option at the moment or ice time availability to even make it an option. I and several of my friends would absolutely participate in such programs and join a local adult league if given the opportunity.

I thank you for your time, and hope for a positive outcome on this rare opportunity.

Thanks,
Chris Kappes

Dear County Supervisors:

Please support the final approval for the Mosaic Quarter development. I am president of both of the regional pickleball organizations and can speak firsthand to the additional access this will provide to residents, particularly our youth.

Many thanks.

Dear Clerk of the Board of Supervisors,

Please consider a very positive vote for the Mosaic Ice Arena.

The addition of this facility will have a very positive impact on the Tucson economy.

With the growing interest in ice sports in Tucson, the Southwest and the country, an ice arena of this magnitude is needed in a city of this size and location.

I ran a Stick and Puck time last year and there was and still is growing interest. Due to limited ice time here in Tucson, we could not proceed with it this year. We have players of all ages traveling up to Phoenix for ice time.

With the right person running the arena, there is no doubt the Mosaic Ice Arena will be a huge success!
