

PIMA COUNTY

Elections

Transition from Precincts to Vote Centers Cost Report

REVISED 04-18-2025

APR 30 25 10 09 AM 7 PC CLK OF AD

Major Cost Associated with Elections

Elections have two major costs that vary per election.

People

- Temporary workers
 - Warehouse workers
 - Front-End workers
 - Tech workers
 - Ballot processing workers – Early Board
 - Receiving Boards

Ballots

- Primary election ballots include ballots for each party participating in the election
 - Democratic, Republican, Libertarian, Green, No Labels (no labels must have ballots even if they do not have any candidates)
- General election ballots include full, federal-only, and non-partisan.

Transition from Precincts to Vote Centers

Estimated Savings for Elections Department - Time & Location

Projected Savings before Implementation: \$289,484

- 100 vote centers projected during implementation presentation
- 129 vote centers at initial implementation August 2022
- 126 Actual vote centers in 2024

One-Time Implementation Cost

REVISED 04-18-2025

Ongoing Cost

REVISED 04-18-2025

Pima County Elections

2022 Vote Center and Electronic Pollbook Annual Costs

	Proposed	Actual
Annual Costs		
Recorder's Office Precinct Central EPB Software License/Support	\$ 55,000.00	\$ 50,000.00
Elections Precinct Central EPB Software License/Support	\$ 207,900.00	\$ 15,625.00
Verizon Data Plan5	\$ 19,200.00	\$ 46,800.00
Consumables -toner and thermal paper	\$ 72,500.00	\$ 35,750.00
Total Annual Cost	\$ 354,600.00	\$ 148,175.00

The \$207,000 licensing fee includes \$192,025 for inventory management, poll worker management, online training, and election response used on election day. These costs are not directly related to vote centers.

The elections department purchased an additional 125 ePollbooks last year, which increased the cost from \$50,000 to \$65,625. The Records office owns and pays the \$50,000 licensing fee for the initial 400 ePollbooks.

What Affects the Cost of an Election?

Polling place locations

- Schools – low to no cost
- Libraries – no cost
- Parks facilities
- Churches, community centers, hotels, other facilities – costs vary

Post 2020

- Fewer schools willing to be vote centers
- Many churches declined to be vote centers
- Required the use of more hotels

Total Cost	2,532,923	2,603,593	2,386,276	2,526,800	2,606,452	3,244,574	2,311,545

Explanation of Cost Savings

- Election pay has decreased by \$136,000 from previous presidential election years.
 - The 2020 elections were an anomaly due to COVID. The office hired fewer workers to maintain distance and safety protocols.
- Ballot cost has decreased significantly. The County saved \$653,000 during the 2024 primary and general elections.
 - The increase in ballot cost in 2022 was due to contingency planning. We determined that printing ballots was not sustainable for future elections.
- Polling place costs decrease by \$7,400.
 - We decreased the number of hotels used as polling places.
- Overall election costs decreased by \$295,000.

Explanation of Cost Savings

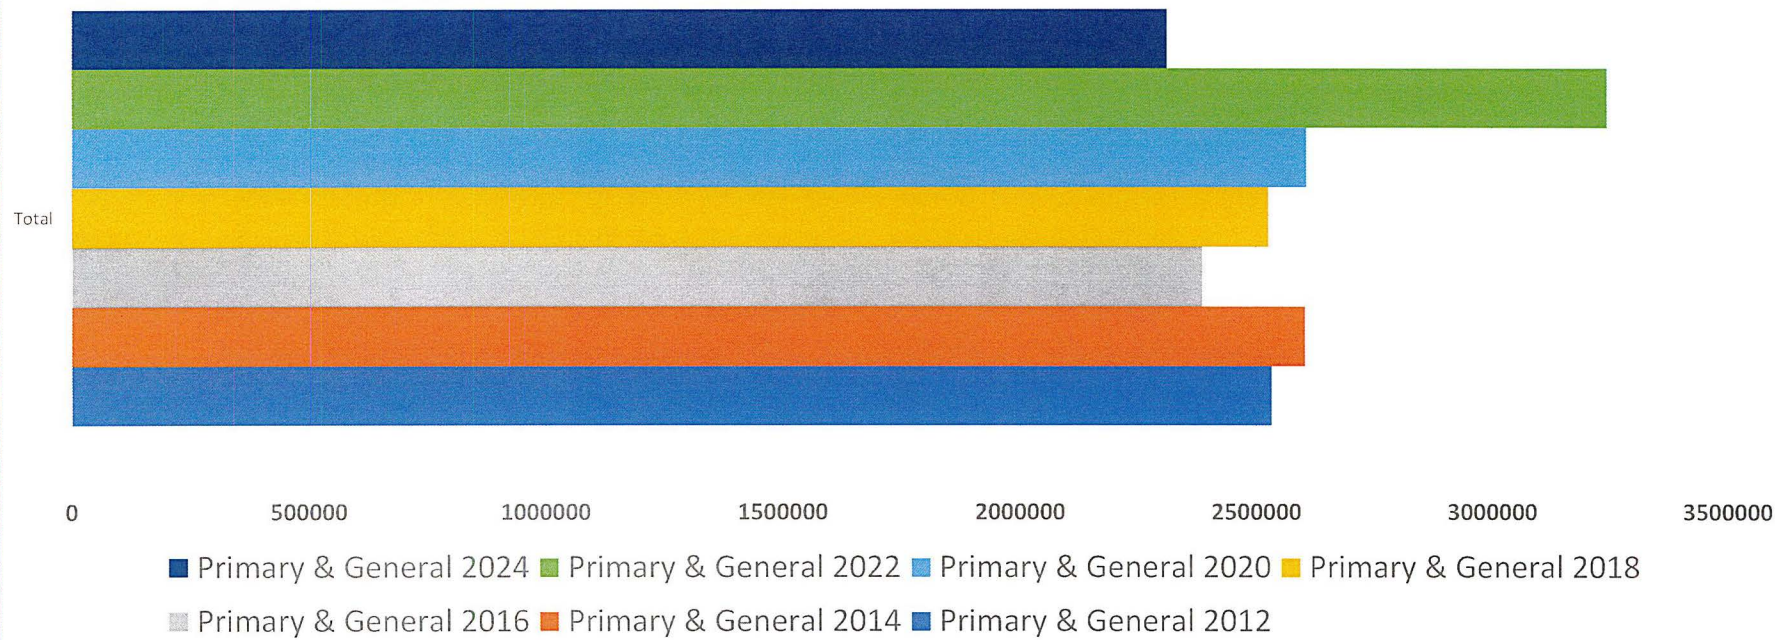

We anticipate additional cost savings as we continue to refine the process.

- Complete vote center analysis
- Reallocate poll workers
- Re-assess election boards

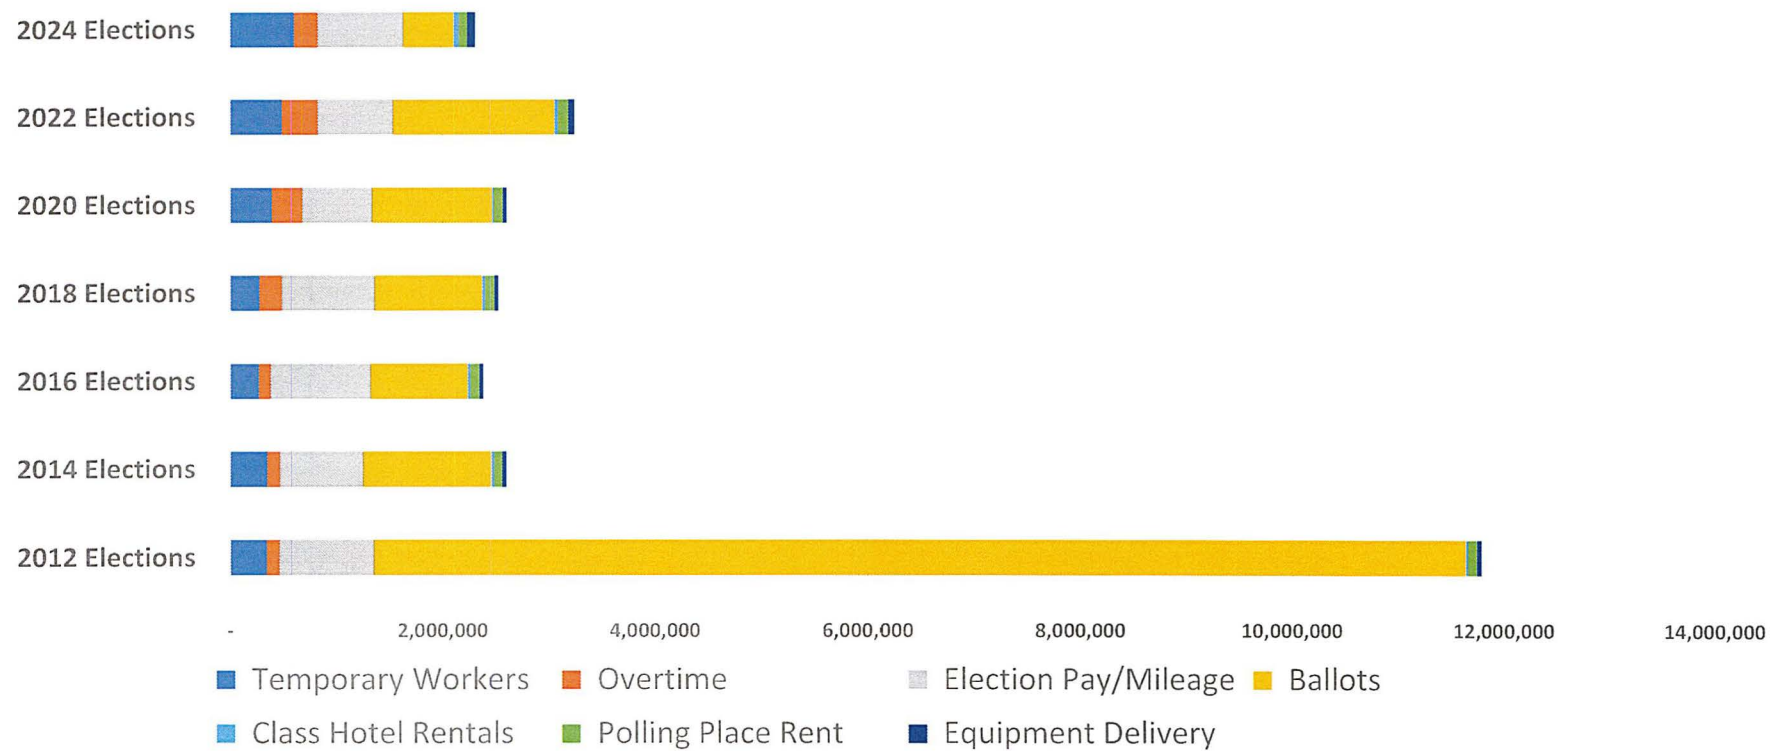

Cost is also dependent on changes made by the legislature.

- New processes were added on election day.
- Changes to timelines to report results.
