Addendum item #2: COVID-19 Premium Pay Discussion/Direction

Nineteen Pima County employees received CCP-COVID-19 premium payments totaling \$2,500 or \$5,200.

These already high income earners, sitting safely behind desks in their offices, already earning more than \$100,000,

were classified as "essential."

Please explain, why the Pima County Sheriff deputies and 9-1-1 dispatchers/operators were not considered "essential?"

Explain the crucial criteria on how these recipients were picked as essential? Was the most important criteria, to keep their mouths shut about "Pima County Administrator Huckelberry's SECRET retirement?"

I support Supervisor Christy's request on how the recipients of these special premiums were determined as "essential"

Furthermore, who determined which "essential" employee got what amount? Will that person be fired if wrong doing emerges?

Why wasn't there a public search for a National candidate to replace the Pima County Administrator?

Awaiting your answer,

Gisela Aaron,
