Your Message I heard on the radio that the board of Supervisors for Pima County has agreed to take down memorabilia, pictures, signs that depict Cesar Chavez. To me isn't that like convicting a person before trial. None of you were living 60 years ago when all this was allegedly taking place: I was ! And I don't buy any of it, especially this late in years. I believe someone or some few were paid off to raise this now. Why now? Because Cesar was totally against illegal immigration. He made may stances to protect his workers from losing their jobs to cheaper labor. Further, one of his main accusers was the lady that he made famous (60 years ago) by taking his side and organizing the UFW. Why now for her... \$\$\$ of course. Why didn't this come out at his passing in the 90's?  
Pima County is representing its stance on sanctuary for illegals. How are you going to act when the truth comes out? I would rather rest on common sense. You made a big mistake.

Would you like a response? Yes
