Dear Pima County Board of Supervisors,

I'm writing to urge you to please vote in favor of the resolution opposing the border wall that will be considered at your June 6 meeting.

Trump's wall would divide and harm border communities and important wildlife habitat, and it'd be a totally unnecessary environmental catastrophe that will hurt the Tucson area and border region economically, culturally and in many other ways.

The tens of billions of dollars that would be spent on the border wall would be much better spent on other priorities that need to be addressed in our communities.

Please -- do everything in your power to see that this resolution is passed. It's an important piece in making sure that Trump's destructive wall never gets built.

Sincerely,

Cybele Knowles

Walls do not hinder persons from digging underneath them, flying over them and become irrelevant: look at the Great Wall of China, the Berlin Wall, Hadrian's Wall. They all become historical, hysterical and a waste of time, money and effort. It is short sighted, ridiculous, and inefficient.

Dear Pima County Board of Supervisors,

I'm writing to urge you to please vote in favor of the resolution opposing the border wall that will be considered at your June 6 meeting.

Trump's wall would be a totally unnecessary environmental catastrophe that will harm important wildlife habitat, economically and culturally damage the Tucson area and border region. Illegal immigration has gone down in the last few years so building more wall is obviously unnecessary. But we do see more animals crossing the border that need the extended range if we are to protect the various species we know are vital to a healthy eco-system.

The tens of billions of dollars that would be spent on the border wall would be much better spent on other priorities that need to be addressed in our communities.

Dear Pima County Board of Supervisors,

I'm writing to urge you to please vote in favor of the resolution opposing the border wall that will be considered at your June 6 meeting.

Trump's wall would be a totally unnecessary environmental catastrophe that will harm important wildlife habitat and economically and culturally damage the Tucson area and border region.

The tens of billions of dollars that would be spent on the border wall would be much better spent on other priorities that need to be addressed in our communities.

Please -- do everything in your power to see that this resolution is passed. It's an important piece in making sure that Trump's destructive wall never gets built.

Sincerely,

An Chadwick

I'm writing to urge you to please vote in favor of the resolution opposing the border wall that will be considered at your June 6 meeting.

Trump's wall would be a totally unnecessary environmental catastrophe that will harm important wildlife habitat and economically and culturally damage the Tucson area and border region.

The tens of billions of dollars that would be spent on the border wall would be much better spent on other priorities that need to be addressed in our communities.

Please -- do everything in your power to see that this resolution is passed. It's an important piece in making sure that Trump's destructive wall never gets built.

Sincerely,

Robert Ayers

Dear Pima County Board of Supervisors,

I'm writing to urge you to vote in favor of the resolution opposing the border wall that will be considered at your June 6 meeting.

Trump's wall would be a waste of resources and is an environmental barrier that will harm important wildlife habitat. The "Wall" will damage the Tucson area and border region economically, culturally, and spiritually. It is not a step toward better national security.

Immigration reform and diplomatic outreach are the real solution, not more concrete barriers and boots on the ground. We need to build relationships and many have been doing that very well. The idea of the Wall is a distraction from reform and a symbolic statement of white nationalism and it offends me deeply.

A resolution is an important public statement and equally symbolic piece in making sure that Trump's expanded wall never gets built.

Stephanie OLeary
