Hello,

I was notified of the request by Forest Investments for a hotel expansion on Mount Lemmon. As an owner of property on Mount Lemmon, there has been a clear negative impact on the mountain since the hotel has opened. The hotel has not contributed to increasing the water infrastructure on the mountain, but has become one of the largest users of water forcing all residents to have to restrict their water usage. Unless Forest Investments is willing to add a third water tank on the mountain at their sole cost, I am absolutely opposed to their expansion request.

Best regards,

Michael Soulliard
