Dear BOS Members,

Please ensure this position is necessary and a good use of taxpayer dollars. If the hiring goes forward, this person must be impartial, objective, and fully qualified (e.g. skill set, experience, knowledge) to accomplish the tasks, objectives, and performance goals in a timely manner.

Respectfully, Mike Swalko

#16 Please vote NO on this and all other "SMART" city initiatives, which are all for controlling citizens. They pretend humans can control the weather. It's Tucson, and it's hot. We'll likely be feeling the effects of the Hunga Tonga volcano for years. Confining people to a 15-minute radius will have zero effect on temperature.

#24. Would the person chosen to be Public Health Evaluation Scientist just rubber stamp federal government "recommendations"? If so, why do we need one? Ask the candidate whether he would've done anything different during COVID.
