BACKGROUND

Pursuant to Pima County Procurement Code 11.12.010 Sealed Bids and as requested by the Facilities Management and Regional Wastewater Reclamation Department, Invitation for Bids #134447 was published in the legal newspaper of Pima County, posted to the Procurement Department Internet site and completed to establish "as required" contracts for electrical supplies. Notice of the solicitation was given directly to all vendors registered with Pima County for relevant commodities, researched and identified by the Procurement Contracts Officer, or provided by the Requesting Department(s) of which 24 were classified as Small Business Enterprise (SBE). 9 responses were received of which none were classified as SBE.

Pursuant to the published solicitation terms the award is recommended to the responsive and responsible bidders that submitted the lowest bids.

To assure supply, a primary and secondary vendor for each group of electrical supplies was requested by the Administering Departments. The vendor designated as "primary" submitted the low bid and the award amount is rounded up to the next highest hundred from their bid amount. The vendor designated as secondary submitted the next lowest bid, and will be used, issued an order, only when the primary vendor cannot satisfy a requirement. The secondary award amount is established as 10% of the primary vendor award amount.
