Pima County Board of Supervisors

Re: JobPath's Vital Role in our Community

Dear Board of Supervisors,

I am writing/here today to show my support of JobPath and how critical they've been for me as a Pima Community College nursing student.

Before enrolling with JobPath I was scammed out of all the savings I had for school and all the money I needed for rent and payments on my phone, car, and food, along with other things.

As a JobPath student, I've received monthly stipends for gas as well as reimbursements for my monthly expenditures. I have also received help on job searching and resume building which has helped improve my confidence in those areas tremendously.

The support I receive from JobPath goes above and beyond, not only helping with financial needs but also other areas of improvement. I couldn't have gotten through my program without the help of JobPath, and it worries me that if they cut funding, other students like me will not have the opportunity or resources to get through school.

If the Board of Supervisors cuts JobPath funding, I know the support I receive from them will be cut jeopardizing my success in my program. Please vote to continue funding JobPath at the same level at the very least. The future success of students just like me is at stake.

Sincerely,

Isabel Teich

Pima County Board of Supervisors  
Re: JobPath's Vital Role in our Community

Dear Board of Supervisors,

I am writing/here today to show my support of JobPath and how critical they've been for me during my time as a Nursing student.

Before enrolling with JobPath - I struggled with saving enough money to pay for tuition, As a JobPath student, I've received tuition assistance and it has allowed me to stay enrolled in the RN program.

The support I receive from JobPath goes above and beyond the financial assistance. They are there for all kinds of support to make sure I am a successful nursing student.

If the Board of Supervisors cuts JobPath funding, I know the support I receive from them will be cut jeopardizing my success in my program. I encourage you to vote to continue funding JobPath at the same level at the very least. The future success of students just like me is at stake.

Sincerely,

Carren Laos
