Please comment on Chuck Huckelberry's reply to my email. Are my premises incorrect?
Thanks.
Georgeann Casey

Thanks for your comment but most of your premises are incorrect. The Board has not misspent county funds. All of the HURF and transportation VLT is spent on roads. All county funds are spent on essential services. If you do not believe such is the case feel free to review our budget on pima.gov.

Dear County Administrator Chuck Huckelberry,
Please note that my husband and I object to the proposed sales tax for road improvements and repairs. We are aware that our tax dollars for road improvements have been for years egregiously misappropriated for other projects by the Pima County Board of Supervisors. We also object to any further property tax increases. Rather than new taxes, we would like to see the Board of Supervisors direct the entire HURF/VLT funds for local road repair programs. Take note as well that we object vigorously to the use of our tax dollars for proposed purchase of a bowling alley on Miracle Mile or any other non essential use of tax money.

Sincerely,
Georgeann and Verne Casey

Comments :

I am opposed to the County buying Golden Pin bowling alley for a number of reasons. First, the building is much too big for the use the County intends for it. Other smaller properties would be better. Second, Golden Pin pays significant property and sales taxes, all of which would be lost if the County buys the property. Third, this is probably the best bowling alley in the area. Fourth, the purchase of this property would give Vantage Bowling almost a total monopoly on bowling in this area. The competition it offers keeps bowling prices down. Finally, this is the only alley on the west side of town and its loss would be terrible for this area.

Dear Supervisor Miller,

Thank you for letting your constituents know about the upcoming vote regarding the proposed purchase of the bowling alley by Pima County. I (and my husband) urge you ALL to vote NO on this project as it is not in the best interests of the taxpayers of Pima County. There does not seem to be enough in the current budget to take care of the necessary needs like road repair or many of the other real needs without new taxes being asked for at every turn, so I ask all of you why in the world would you vote for this project? What will it accomplish for the hardworking taxpayers of Pima County? The taxpayers are being drained at every turn and it cannot continue, we have all tightened our budgets as far as they will go and there is nothing left! It is very discouraging that our elected officials do not see the need for the same type of budget analysis that we have to go thru and want to spend money frivolously on these ridiculous projects that only benefit a select few and are not for the greater good of the community. The Board of Supervisors (not including Ally Miller) refuses to hold any meetings at night and therefore, the majority of the community is not given a chance to make their voices heard. Hopefully, the emails are getting read and you all will take heart to what the taxpayers are wanting and needing, and one of the main things we want is to see our hard earned money spent wisely. I have lived in my current home on the NW side of town for almost 18 years now, and in that time there has been no work done on our roads (the main roads yes, but the neighborhood roads no). We have resurfaced the driveway of our home at least 4 or 5 times during that time, but NO resurfacing or any other work has been done by the county. Like I stated before, until the needs of the community are met, the millions that are being wasted on projects like this are just making the taxpayers angry.

Hopefully you hear our voices!
