Below are my comments for the BOS Supervisors for the 4-4-24 meeting

Agenda Item 11 Unfinished Business 3/21/23 Legal Opinions Exclusion of Citizen from Public Meeting  
Addendum 1 Item #1 Request by Attorney Sam Brown for Executive Session re: public meetings & action

There is only **one** reason to have an Executive Session to discuss the issue of excluding the public from a Public meeting of the Board of Supervisors. That one reason is because of Chair, Adelita Grijalva and her desire to hide behind the shield of an Executive Session because she cannot face the public for her actions. Both legal opinions of (1) undated memo from Attorney Sam Brown outlining his reasons why Chair Grijalva could take the action excluding a citizen and (2) legal opinion of Munger, Chadwick & Denker, PLC expressing numerous violations by Chair Grijalva based on Arizona Statutes and the US Constitution. Both opinions are available on-line at the Board of Supervisors website. There is no breach of privacy for Shirley Requard, her name is also in the public as the citizen banned from the BOS meetings. Also in the public eye are the videos of all the meetings. Pima County residents deserve to see and hear how this issue and others are discussed and resolved. An Executive Session only provides Chair Grijalva a method to continue with lack of transparency to Pima County. Do not allow an Executive Session for these items at the 4-4-23 BOS meeting.

Agenda Items #28, #29, #30, #31, #45 Total = \$11,389,569.87 funding illegals food, shelter + other

Again and continuing your actions of working with the Federal government to provide taxpayer funds (yes these are still my taxes) to Non-Government Agencies (NGO) supporting illegals coming into Pima County, Arizona. We do not have Arizona protected from invasion by others, illegals, crooks, drug runners, human traffickers, and others. Pima County Board of Supervisors can refuse to continue this participation, cancel the contract, return the funds, dry up the source of support to illegals. Possibly Pima County Grant Management & Innovation department could use their creative minds to find funds supporting the citizens of Pima County by accepting funds to help close our border, support our police, support Homeland Security. Stop supporting illegals. NOW is the time the public must pursue SB1487: ARS 41-194.01 against Pima County Board of Supervisors. **VOTE NO TO ALL Items**

**God Bless America**

Addendum 1, Item 1: Everything should be presented before We the People. After all, we pay your salary and also can vote you out of office if you are not transparent.

Item 13: I have seen reports where Congress has passed a law to cancel the National Emergency on the China virus sooner than 5/11/2023. It will not be vetoed. Our taxpayers money should be given back to the Federal government immediately.

Items 28, 29, 30, 31 and 45: Please say no and return our hard earned money to the federal government. Remember, you serve us. We the People do not serve you.

Item 32: The federal government is sticking their nose into our privacy. I cannot wait until federal agencies get down sized so they cannot continue to harass us. This is against the Constitution. However, I realize you do not care what is in the Constitution since all but one of you are Socialist/Communist. This is my assumption since we ask you to vote no on something and you do not listen to us. Who are you listening to?

Dear Administrator Leshner and Board:

Pima County needs a solution to solve the potential collapse of public infrastructure and services now before Pima County continues to maintain Tucson as a sanctuary city by feeding, housing, transporting, and providing medical assistance to "asylum seekers." Immigration is not a political issue; it is an American issue that has devastating impacts on communities, farms, hospitals, and residents when it is mismanaged.

Jan Leshner states, "Border Patrol estimates that Pima County's humanitarian partners may receive up to **1200-1500 people ("asylum seekers") per day**. These numbers will overwhelm existing local capacity without significant federal support. The end of Title 42 will significantly impact current operations for Pima County border response, including Emergency Management, Procurement, Grants Management and Innovation, Community & Workforce Development, Libraries, Fleet Services, Health, and others". Also see Grant Management and Innovations Agenda Items Nos. 28, 29, 30, 31, and 45 showing the following Federal Department of Homeland Security grant funding awards budgeted to start 4/1/2023 and end 9/30/2023 for "asylum seekers":

- Agenda Item 28. \$2,891,391.00 for Catholic Community Services of Southern Arizona, Inc., to provide for Fiscal Agent Pima County / Emergency food and shelter.
- Agenda Item 29. \$823,000.00 for the City of Tucson, to provide Fiscal Agent Pima County / Emergency food and shelter to families and individuals.
- Agenda Item 30. \$135,148.00 for The Inn of Southern, Arizona Inc., to provide Fiscal Agent Pima County / Emergency food and shelter to families and individuals.
- Agenda Item 31. \$750,000.00 for SJM Premier Medical Group, L.L.C., Amendment No. 6, to provide COVID-19 medical support for refugee populations.
- Agenda Item 45. Acceptance of \$3,395,015.87 to provide food, shelter, and other humanitarian support to "asylum seekers" at Casa Alitas Welcome Center, Comfort Suites, and Red Roof Inn.

Since there is not a dollar amount assigned per "asylum seeker," it is difficult to determine how quickly Pima County will use up the federal funding, but it is evident they will continue to maintain Tucson as a *de facto sanctuary city* with or without federal funding, and without mentioning any solutions to solve the collapse of public infrastructure and services that will likely occur due to the

significant influx of “asylum seekers” mentioned in Jan Leshner’s memorandum. This is alarming.  
Action needs to be taken!

*Agenda Item #13: Impact on Pima County of the Announced End of the Federal Public Health Emergency on 5/11/2023 and Recommendations to Implement Necessary Policy Modifications*

My comment below in October last year still counts towards the current issues regarding end of the Federal Public Health Emergency ending on May 11, 2023. We know this is just a short reprieve before you start spending our tax monies again. WE DO NOT CONSENT! WE DO NOT CONSENT! WE DO NOT CONSENT! WE DO NOT CONSENT!

Jan Leshar said that Border Patrol estimates that Pima County's humanitarian partners may receive up to 1200-1500 people per day. These numbers of people are unsustainable and will devastate local charities. We know that you will decide again to sign IGA contracts with Federal Government and circumvent us the voters! Per Grant Management and Innovations Agenda Items Nos. 28, 29, 30, 31 and 45. It reveals that the Department of Homeland Security grant funding awards budgeted to start 4/1/2023 and end 9/30/2023 for illegals are as follows:

*30*

- Agenda Item 28. **\$2,891,391.00** for Catholic Community Services of Southern Arizona, Inc., to provide for Fiscal Agent Pima County/Emergency food and shelter.
- Agenda Item 29. **\$823,000.00** for the City of Tucson, to provide Fiscal Agent Pima County / Emergency food and shelter to families and individuals.
- Agenda Item 30. **\$135,148.00** for The Inn of Southern, Arizona Inc., to provide Fiscal Agent Pima County / Emergency food and shelter to families and individuals.
- Agenda Item 31. **\$750,000.00** for SJM Premier Medical Group, L.L.C., Amendment No. 6, to provide COVID-19 medical support for refugee populations.
- Agenda Item 45. **\$3,395,015.87** for food, shelter, and other humanitarian support to "asylum seekers" at Casa Alitas Welcome Center, Comfort Suites, and Red Roof Inn.

This amount of spending is unsustainable! Tucson is just one City in America. If all Cities have similar spending, we will be BANKRUPT soon.  
Reminder in 2019, nearly 70% of Tucsonans voted against becoming a Sanctuary City. The Board of supervisors, Activist Mayor and City Council have blatantly disregarded voter will. Defying our laws and spending our taxes without due care or diligence.  
You are bankrupting America! SHAME ON YOU BACK-ROOM DEAL MAKERS!

WE DO NOT CONSENT TO ANYMORE IGAs WITH FEDERAL GOVERNMENT! THOSE HAVE STRINGS ATTACHED AND WILL  
AVERT YOUR ATTENTION FROM LOCAL ISSUES TO SERVE THE ALLMIGHTY FEDERAL GOVERNMENT.  
No more unfettered spending!

*RE: Consent Calendar Item #7: Procurement: SJM Premier Medical Group, L.L.C., Amendment No. 5, to provide for COVID-19 medical support for refugee populations and amend contractual language, FEMA/EFSP/CARES Fund, contract amount \$1,500,000.*

Pima Co Board members, you and City Council members are going against Arizona laws and statues.  
Remember in 2019, 70% of voters said NO to becoming a Sanctuary City. People rightfully concluded and we see evidence now,  
that it is inviting crime, human trafficking, drug overdose deaths (100,000 a year), and murders. Due to your unwise decisions,  
we are now nr. 10 on the FBI's list of most dangerous cities. You make decisions during executive sessions without citizens knowledge.  
You are colluding with Federal Government behind State agencies by signing contracts for multi- million-dollar grant monies (our taxes)  
to subvert state laws and statues. WE DO NOT CONSENT! You are treating FOREIGNERS better than your constituents.

Please spend our tax monies for our homeless and less advantaged citizens. You are disseminating our taxpayer monies

like drunken sailors. See grants MA-PO-22-84 and MA-PO-21-171 for \$6,700,00.00 (housing illegals) and \$1,050,000.00 (transporting illegals).

Shame on you for propagandizing COVID shots to unsuspecting minorities (REACH program). \$100,000.00 (CT-HD-21-470) and CDC grant

GTAM 23-22 for \$1,151,882.00. Seems a major conflict of interest and potential racketeering.

Now you decide to spend additional \$1,500,000 to procure COVID-19 medical supplies for illegal border crossers.

You treat these people disproportionately better than Americans! Shame on you.

I propose an AUDIT by the AUDITOR GENERAL or the INSPECTOR GENERAL.

Gisela Aaron

Pima County, AZ

NOTE: Customs and Border Patrol report that over 4.1 million illegal border crossers have entered our country since 2021.

Of those, 31 were Iranian Revolutionary Guardsmen and 78 were on the Terror Watch List. One million have evaded Border Patrol

and got away! Since 2021 to today, 2,626,009 single adults have invaded the US. Single adults that are nearly double the size of our

active-duty military. We do not consent to them being here! Each illegal border crosser costs us taxpayer \$120,000 per person.

We do not consent to spending our taxes this way.

Again, in 2019, nearly 70% of Tucsonans voted against becoming a Sanctuary City. The Board of supervisors and activist mayor and

her friends and family on the City Council have blatantly disregarded voter will. Defying our laws and spending our taxes without

due care or diligence. You are bankrupting America! SHAME ON YOU BACK-ROOM DEAL MAKERS!
