Your Message	Dear Supervisor Allen and Members of the Board: I am writing in support of the proclamation to declare March 31 as Transgender Day of Visibility in Pima County. At a time when the human and civil rights of so many are being attacked, this proclamation sends an important message of support. Thank you for helping draw attention to the contributions of this community to the rich cultural tapestry of Pima County, and for being true leaders in support of the most marginalized amongst us. Pima County is strengthened when all members of our community are acknowledged, supported, and celebrated.

Your Message   As a deacon in the Episcopal Church, I know that we vow to respect the dignity of
                      every human being. That includes human beings who recognize that they are not
                      the gender they were born with. There are many degrees of human gender, not
                      just two, and we can't eliminate those differences by simply saying transgender
                      people don't exist. Pima County should support a Trangender Day of Visibility to
                      support those who are being erased by other leaders in our country.
                      Thanks for your consideration.
