Brenda I like your argument but unfortunately you are arguing on deaf ears there agenda is there agenda. I to would enjoy driving on roads that are nice and not dodge pot holes and hear the cracks and feel the dips in the road just for once. We tried to get new people on that board but the incumbants won again and I'm not sure how the pull that one off but some dumbies in this city and county keep voting them in. Thank for being vigilant in the fight to make Tucson and better place to live in!

Item 12

\$3,127,540.00 for a walking biking bridge. That money could fix a lot of miles of roadways. This is a done deal already but you should know this is not a priority for me. It would be great if you would stop serving the small population issues and fix our roads. Once we have great roads, a repaired or replaced jail and enough policing personnel to feel safe, you can spend all the money you want on bicycle paths. To increase taxes and cause a rental rate increase then spend it on a few bicycles is insane to me. You just increased the property taxes through the "Flood Control District Tax Levy Fund" so I can pay more, drive less and give the homeless a new bridge to live under. Thank you so much. I am grateful to be able to pay for this. How does this help your affordable housing agenda? Increased taxes raise rental rates but now you can live in the wash with a great path. Or better yet ride your stolen bike to steal something to eat so you ride back to your outside space on a great bike path.

" Chuck Huckelberry Loop (Loop) section between Grant Road and El Camino del Cerro spans approximately 4 miles and currently lacks a pedestrian and cyclist river crossing. The proposed pedestrian bridge will connect the east and west banks of the Loop at Prince Road and will improve access and convenience. The goal is to enhance connectivity within this section of the Loop by providing a safe and direct crossing over the river."

Hello All. Please see my recommendations for today's agenda ...
Thanks, Don & Pat Hayles

Agenda Item #12:

This project is really a bike path for \$3 million+. Vote NO on this extravagantly expensive bike path.

Agenda Item #19: Motion to Censure Sheriff Nanos and Request Investigation Discussion/Direction/Action.

Vote in favor of Supervisor Heinz's motion to ask the Arizona Attorney General's Office and the United States Attorney for the District of Arizona to investigate the matter and ensure that no state or federal laws have been broken by Sheriff Nanos.

Agenda Item #24: Pima County Recorder Voter Registration Rolls Fund from House Bill (HB) 2862 General Appropriations.

Provide the public with a specific plan for how these funds will translate into reviewing and **cleaning** the voter registration rolls so that they reflect the current status of registered voters in Pima County with 100% accuracy.

Agenda item 12. We do not need a \$3 million bike path when our roads are a disgrace, as is our jail. We need to keep our priorities straight. Vote NO.

#19. Please vote in favor of Supervisor Heinz's motion to ask the Arizona Attorney General's Office and the United States Attorney for the District of Arizona to investigate the matter and ensure that no state or federal laws have been broken by Sheriff Nanos.

#24. Voters need to see a plan for cleansing voter rolls.

#25. A completely connected world will be a completely controlled world, and we wish to maintain the rights of everyone in Pima County to have a choice in how much they participate in this "digital inclusion."

#29. The first priority should be to help people who have fallen behind in their rent rather than building something new.

#51. Please vote NO. With the price of gasoline, people drive when they need to. This will do nothing significant for air pollution but will drive us to "15-minute city" and other constraints on our freedom of movement.
