I'm writing you today to demand that you vote NO on all these agenda items. This is ridiculous that we are spending money on illegals when we have citizens in our own Pima County struggling to find affordable housing, pay their utility bills, buy groceries and afford gasoline to get to work.

I work for a local nonprofit that provides food to those in need. The amount of seniors we are seeing is crazy. This has to end. We must stop paying for anything related to sheltering or caring for illegal border crossers. Where are the showers and portable toilets for the homeless American citizens here in Pima County? Where is help with rent for our residents - especially seniors and veterans? I'm all for helping people from other countries seeking a better opportunity - but NOT at the cost of our own US citizens who are struggling. WAKE UP!!!

• Agenda Item #18: Facilities Management.

This agenda item is extending the contract with **Catholic Community Services of SO AZ, Inc.** to 3/6/2025 to provide services at **the Drexel facility** to the illegal border crossers.

It is only 1 of many agenda items this week, last week and next week where you (my elected representative) not only give away my resources, but encourage more and more people to come to America illegally. WHY?

Why are illegal border crossers your biggest concern? I am a US citizen and I pay my way. Part of that is paying taxes. As the taxpayer I expect you to consider my needs first. I need safe, clean; roads, parks, water ways, shopping (without the threat of shoplifters increasing my cost of living or personal safety), a shopping cart at the retail space, libraries, sports parks, and other public spaces. I need affordable reliable utilities. I also expect to live in a county that holds criminals accountable. Because I am paying the bills it would be great if you showed some concern for me.

I have no way of understanding the many layers of funding spent on illegal immigrants, but I can see what it is costing me and my community. Drive down any road and see how well you are taking care of our county. Anyone can see the poor roads, garbage filled shopping carts, closed businesses, drug addled persons passed out in public, huge numbers of able bodies begging for cash. I am imploring you to put the CITIZEN first on all agenda items.
