Subject: SALC supports the proposal for the new Foreign Trade Zone

Pima County Administrator Charles Huckelberry,

As a member of our SALC Executive Committee, I add the support of SALC for the new Foreign Trade Zone to assist TJ Maxx to open its 800,000 square foot new major logistics center here. The substantial additional jobs, property taxes and other new revenues from this large facility and its employees will be very positive for our County.

Please let our Board of Supervisors know of our *strong support* for this effort to welcome new jobs and economic vitality to our Valley. From the well over 100,000 job holders represented by the Members of SALC, we salute all efforts to make our Valley a more prosperous place.

Yours very truly,

Duff C. Hearon
