Please vote no on all these agenda items. Covid is over. The fentanyl deaths have killed more people than the man made covid flu but you continue to want to spend grant money and use county resources to keep the COVID-19 shenanigans going and target minority groups using propaganda to intise minority groups to take the ineffective and deadly experimental clot shots. Use the funds and county resources to educate these minority groups about the dangers of fentanyl instead.

Thank you for your attention to this matter.
