Subject: agenda items 50 & 51

CAUTION: This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Vote NO to extend the contract for six more months. There is zero need to evaluate how successful the program's health literacy strategies were in convincing racial and ethnic minorities and socially vulnerable populations to take a vaccine that was neither safe or effective and did not stop transmission. Please take the time to study the vaccine injury statistics and to note that there is no FDA-approved COVID vaccine on the market, which makes these COVID-19 vaccines "experimental". We are gaining nothing from this expense and would sure like to see something good happen with this money. You could pay the property taxes for some Social Security home owners so they will not become homeless.
