I am writing to offer my endorsement of Ray Carroll in his aspiration to be appointed as the Justice of the Peace in Green Valley. I have known Ray for a number of years and I know, by personal experience, that he is an exceptional public servant. I have seen him in very difficult circumstances during his campaigns for County Supervisor.

He has committed to move his residence to Green Valley and has gone so far as to rent an apartment in Green Valley and he has committed to actually buy a home in the community and rent out his current home in Tucson. He has much experience dealing with difficult issues and has always been a gentleman, regardless of the situation. In addition, he has taken a mediation course which is certified by the Arizona Bar Association.

It is my fervent belief that Ray is an exceptional candidate for the office of Justice of the Peace.

RE: Letter of Recommendation for The Honorable Raymond Carroll, Candidate, Justice of the Peace

Dear Chairman Bronson:

I write to express strong support for The Honorable Raymond Carroll for the position of Justice of the Peace, Precinct 7, Pima County Courts. I have known Mr. Carroll personally and professionally for 10+ years. I was fortunate enough to have worked with him on numerous projects while serving on the Corona de Tucson Fire Board and as the District 4 appointee to both the Pima County Bond Committee and Library Advisory Board. During this time, I witnessed firsthand his passion and compassion for the rights of all people, as well as his ability to keep a contemplative, open mind while judiciously weighing all facts from a disciplined and objective point of view. He values diversity of thought and encourages dialog to hear what people believe are the right solutions – being open-minded to embrace new perspectives, regardless of hierarchy, privilege or rank.

I know Mr. Carroll as a dedicated and tireless public servant. This ardor for justice held fast throughout his nearly 20-year tenure as Pima County Supervisor. As County Supervisor, Mr. Carroll proved himself to be a sound arbiter—respectful, patient, fair-minded and conscientious. His calm and measured demeanor is particularly well-suited for Precinct 7's diverse demographic and varied concerns. Moreover, his extensive background in conveying impartiality to disregarded communities will continue to allow him to bring a unique and much-needed perspective to the bench, as well as a deep understanding of the rule of law in Pima County.

In his pervasive career serving our county, Mr. Carroll soundly wielded the flanks of the administrative, judicial, and legislative systems with professional skill and benevolence. He continues to be a skilled pragmatist, utilitarian leader, and now jurist. Mr. Carroll demonstrates a deep understanding of the law and the obligations of the government around the fundamental rights of people. He possess a keen and unbinding appreciation for the magnitude of the decisions left to the court's discretion. He combines these attributes with the patience and empathy to see beyond the courtroom and understand the greater context of some of the County's most needy and vulnerable.

I am compelled to acknowledge Mr. Carroll's attributes as the best person to preside as Justice of the Peace for Precinct 7. His experiences combined with his broad-based talents position him well for unwavering honorable service to the judicial system without reservation.

Respectfully submitted,
Edward D. Buster
Vice Chair, Pima County Library Advisory Board
Member, Pima County Bond Advisory Committee

Re: Endorsement

Dear Pima County Board of Supervisors:

As the past president of the Green Valley Council for six (6) plus years, I am writing to express my appreciation for having the opportunity and privilege to work with Ray Carroll when he was Supervisor of the Fourth District that includes the unincorporated community of Green Valley.

During my term as president, there were numerous issues that came up that had a direct effect on the lifestyle of the residents in our Community and each instance Ray Carroll was attentive to our concerns and expressed his support of our position to the then current issue. I cite for example, the potential closing of the Sahuarita landfill – the proposed change of metric signage on I-19. In each instance Ray Carroll was there to support us.

At our monthly Board of Representatives meetings with 73 to 75 HOA representatives in attendance, Ray was always present to give us the latest information on actions that occurred or were under consideration by the Board. He was always responsive to any questions or comments made by those in attendance. He was a true supporter of the Green Valley Community

As a candidate for the position of Justice of the Peace in the Green Valley Justice Court (Precinct 7), I firmly believe that Ray will serve the residents of the District with his ongoing commitment to protect the rights of the residents therein.

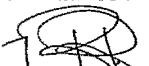

Your unanimous support of Ray Carroll to become the Justice of the Peace is strongly requested.

Sincerely,

Stan A. Riddle

Re: PC- 7 appointment

Dear Board of Supervisors:

It is my pleasure to write a letter on behalf of former Supervisor Ray Carroll for the position of Justice of the Peace for PC-7. After we moved from Tucson to Green Valley 15 years ago, I have had many occasions to be in various meetings, forums and other venues in both the public and private sectors to observe and work with Ray Carroll on a wide range of issues. I have always appreciated his willingness to engage, understand problems and work together to come with a fair and satisfactory solution for all parties. I believe his many past experiences in both the non-profit and the public service sector will benefit him greatly in the JP position. He is a man of integrity with a strong family and religious foundation and background.

I offer my recommendation with strong conviction that he would carry out the duties of this office with great care, enthusiasm and integrity. In full disclosure, I base some of my convictions on the relationships and public interactions that I have seen and had with him in several of my roles in our community. I am a V-P of the Green Valley Council, on the Board of Save The Scenic Santa Rita's and in the 2012 election year, I was his campaign chairperson. I also served for 18 months on the Pima Co. Park and Recreation Commission. These and other community relationships has strengthened my appreciation for Ray's commitments to public service and humane concerns.

I recommend Ray Carroll without hesitation and thank you for your serious deliberations with consideration of my letter in this matter.

Thank you all for your public service and dedication to the needs and concerns of Pima County.

LETTER OF INTEREST

JUSTICE OF THE PEACE, JUDICIAL PRECINCT #7 PIMA COUNTY

September 22, 2017

Ms. Julie Castañeda
Pima County Clerk of the Board
Pima County Board of Supervisors
Pima County Administration Building
130 W. Congress Street, 5th Floor
Tucson, AZ 85701

Re: Letter of Interest – Justice of the Peace, Precinct 7

Dear Ms. Castañeda:

It is with great enthusiasm that I submit this **Letter of Interest**, my **resume**, and a **Financial Disclosure Statement** to the Pima County Board of Supervisors for their consideration of my service as **Justice of the Peace of Pima County Judicial Precinct 7**.

My total resume outlines what I bring to the table, but **TEAMWORK** – building teams – **TO GET GOOD THINGS DONE** – in the work place, in the community, and in classroom – is my expertise.

Whether challenged to launch a start-up, manage a corporate Intellectual Property – Contracts group, or draw together a vibrant university/college learning community classroom, as a **Team Builder** I have consistently delivered strong results. This is true with the businesses I have served, in the communities where I have worked, and in the classrooms – on all 6 inhabited continents - where I have taught.

I meet – and surpass – all the qualifications for this position. From a skills, experience, and overall-capability perspective, I am an ideal candidate for this job:

MINIMUM REQUIREMENTS: Age-Registered Republican voter; Pima County Resident

My wife and I are **13 plus** year Residents of Green Valley. In addition to **voting in Judicial Precinct 7**, I have been an active political participant in several campaigns, on various levels, for candidates and issues. In 2010, I ran for this office – Justice of the Peace for Precinct 7 – losing a primary race to the then incumbent by less than 6 percentage points.

EXPERIENCE: Intellectual Property Rights Management and Contract Law (IPR-Contracts) – 10 years; Elected Public Official – 13 years

In 2005, I was named a **Small Claims Hearing Officer** with the Pima County Consolidated Justice Court, a position I still hold. That appointment by the Pima County Board of Supervisors was based on significant first-hand experience in IPR-Contracts and having served as an elected **Township Clerk for 13 years** in Henry County, Ohio.

From 1992 to 2002 I was the senior member of an IPR-Contracts Teams for a **Fortune 500 company** and at an **Ivy League University**. Our Teams drafted, negotiated, and managed portfolios of more than 5,000 contracts – from conception to close-out.

BUSINESS & MANAGEMENT EXPERIENCE, HEARTLAND GROUP, BUSINESS CONSULTANT, EXPERT COMMITTEE MEMBER

I am a businessman and an International Business Consultant. I bring practical – **boots-on-the-ground** skills and experience to the table. My early career was as a Farm Worker and Farm Owner. We established our family-operated orchard and fresh vegetable business in Ohio. Subsequently I joined a Fortune 500 company – now a wholly-owned subsidiary of DuPont – and was part of their technology acquisition platform.

Heartland Consulting/Heartland Group, of which I am a principal, is an international confederation of forward-looking attorneys and business managers. I serve as Sr. VP for IPR-Contracts with Heartland. Currently we are involved in 2 start-ups, both in the high-tech sector. I understand business and can effectively apply business **Best Skills and Practices** to the Court to improve access to it and to bolster its efficiency.

I am an **Expert Committee Member** of the **International Licensing Platform for Vegetables (ILPV)**. This is a consortium of vegetable seed growers based in The Hague, The Netherlands. The ILPV seeks to guarantee access to patented vegetable breeding material to all and safeguard incentives for keeping plant material patents intact.

VISION, ALTERNATIVE DISPUTE RESOLUTION, TEAM BUILDING SKILLS

I am an Arizona Attorney-General Trained **Alternative Dispute Resolution Practitioner**. Many cases that come before the Small Claims Court can be amiably resolved by arbitration. This is – **win-win** – for all parties. For the community it builds bridges and it expands community trust in the sensitivity and reliability of our judicial system.

At this juncture of my career, I'm looking for a new opportunity to serve our community. Serving as the Justice of the Peace for Pima County Judicial District 7 will bring my business management capabilities, IPR-contracts experience, and Team Building skills to bear in our Courts and the judicial system.

I ask you to consider my broad range of experience and skills and to appoint me to the post of **Justice of the Peace for Pima County Justice Precinct 7**.

Thank you for reviewing this letter and the accompanying material.

Sincerely,

/s/

Subject: Appointment - Judge of the Green Valley Justice Court
Attachments: KRYDERLetterOfInterest-1.pdf; RDavidKryder_Resume-1.pdf

Dear Supervisor Steve Christy,

This letter is to give the most unconditional support for R. David Kryder to fill the remaining term open as the Judge of the Green Valley Justice Court. As you know, from his resume, his qualifications for this position are superb. His ability to use the law coupled with his broad experiences along with serving for a number of years as a Small Claims Hearing Officer within the Pima Country court system makes his appointment the right one for our county. He will be a great Judge that we all will be proud of.

I met R. David Kryder shortly after purchasing a home in Green Valley, I believe in 2003. His personal integrity, sense of fairness, and his ability to empathize with others are unique. He was a significant decision maker in a Fortune 500 company and his abilities are known to many top corporate executives. He still serves on boards that advise the Fortune 500 companies. Also his skills and integrity are known by many foreign governments, major NGOs and companies. He worked with them to bring fairness and justice to their laws and operations. His thorough knowledge, character and his willingness to listen have never been questioned. A few years ago, he requested that I give a guest lecture to his students at Pima County Community College. I was impressed in that his students were engaged and obviously had great respect for their professor, David Kryder.

I am proud to have Mr. Kryder as a friend and sincerely believe I am blessed in knowing him. His character and experience makes him an ideal person for your appointment.

Ms. Julie Castañeda
Pima County Clerk of the Board
Pima County Board of Supervisors
Pima County Administration Building
130 W. Congress Street, 5th Floor
Tucson, AZ 85701

Re: Letter of Interest – Justice of the Peace, Precinct 7

Dear Ms. Castañeda:

It is with great enthusiasm that I submit this **Letter of Interest**, my **resume**, and a **Financial Disclosure Statement** to the Pima County Board of Supervisors for their consideration of my service as **Justice of the Peace of Pima County Judicial Precinct 7**.

My total resume outlines what I bring to the table, but **TEAMWORK – building teams – TO GET GOOD THINGS DONE – in the work place, in the community, and in classroom – is my expertise.**

Whether challenged to launch a start-up, manage a corporate Intellectual Property – Contracts group, or draw together a vibrant university/college learning community classroom, as a **Team Builder** I have consistently delivered strong results. This is true with the businesses I have served, in the communities where I have worked, and in the classrooms – on all 6 inhabited continents - where I have taught.

I meet – and surpass – all the qualifications for this position. From a skills, experience, and overall-capability perspective, I am an ideal candidate for this job:

MINIMUM REQUIREMENTS: Leg. Registered Republican voter, Precinct Resident

My wife and I are **13 plus year Residents of Green Valley**. In addition to **voting in Judicial Precinct 7**, I have been an active political participant in several campaigns, on various levels, for candidates and issues. In 2010, I ran for this office – Justice of the Peace for Precinct 7 – losing a primary race to the then incumbent by less than 6 percentage points.

**EXPERIENCE: Small Claims Hearing Officer – More than 10 years – Elected Public Official – 16 years
Intellectual Property/REGS/Management and contracts w/ IPR-Contracts – 14 years**

In 2005, I was named a **Small Claims Hearing Officer** with the Pima County Consolidated Justice Court, a position I still hold. That appointment by the Pima County Board of Supervisors was based on significant first-hand experience in IPR-Contracts and having served as an elected **Township Clerk for 13 years** in Henry County, Ohio.

From 1992 to 2002 I was the senior member of an IPR-Contracts Teams for a **Fortune 500 company** and at an **Ivy League University**. Our Teams drafted, negotiated, and managed portfolios of more than 5,000 contracts – from conception to close-out.

BUSINESS & MANAGEMENT EXPERIENCE | ENTREPRENEUR | BUSINESS CONSULTANT | EXPERT COMMITTEE MEMBER

I am a businessman and an International Business Consultant. I bring practical – **boots-on-the-ground** skills and experience to the table. My early career was as a Farm Worker and Farm Owner. We established our family-operated orchard and fresh vegetable business in Ohio. Subsequently I joined a Fortune 500 company – now a wholly-owned subsidiary of DuPont – and was part of their technology acquisition platform.

Heartland Consulting/Heartland Group, of which I am a principal, is an International confederation of forward-looking attorneys and business managers. I serve as Sr. VP for IPR-Contracts with Heartland. Currently we are involved in 2 start-ups, both in the high-tech sector. I understand business and can effectively apply business **Best Skills and Practices** to the Court to improve access to it and to bolster its efficiency.

I am an **Expert Committee Member** of the **International Licensing Platform for Vegetables (ILPV)**. This is a consortium of vegetable seed growers based in The Hague, The Netherlands. The ILPV seeks to guarantee access to patented vegetable breeding material to all and safeguard incentives for keeping plant material patents intact.

Arizona Alternative Dispute Resolution | Mediation and Arbitration

I am an Arizona Attorney-General Trained **Alternative Dispute Resolution Practitioner**. Many cases that come before the Small Claims Court can be amicably resolved by arbitration. This is – **win-win** – for all parties. For the community it builds bridges and it expands community trust in the sensitivity and reliability of our judicial system.

At this juncture of my career, I'm looking for a new opportunity to serve our community. Serving as the Justice of the Peace for Pima County Judicial District 7 will bring my business management capabilities, IPR-contracts experience, and Team Building skills to bear in our Courts and the judicial system.

I ask you to consider my broad range of experience and skills and to appoint me to the post of **Justice of the Peace for Pima County Justice Precinct 7**.

Thank you for reviewing this letter and the accompanying material.

Sincerely,

Pima County Board of Supervisors

Dear members of the Board of Supervisors:

I am extremely pleased to write in support of Mr. Ray Carroll for the position of Justice of the Peace in Green Valley, Arizona. I have known Ray since I joined the University of Arizona as Vice-President for the Health Sciences and Dean of the College of Medicine in 2001. I have had the pleasure of working with him in my capacity as a medical educator at the UA, later as founding President of the Critical Path Institute and more recently as the leader of the non-profit Arizona Center for Education and Research on Therapeutics, a federally funded program to improve the safe use of medicines. I learned very early that Ray is one of the most dedicated and respected civil servants in our community and someone that I could rely on for advice and direction. When I was at the Arizona Health Sciences Center and wished to increase the recruitment of health professions students from under-represented populations in our region, he kindly introduced me to those community leaders who could help. When the UA was planning and launching the Critical Path Institute, he introduced me to leaders in economic development (at that time, Greater Tucson Economic Council) and supported our efforts to keep this valuable program in Tucson. I mention these as but two of many examples in which his expertise, respect and commitment to the betterment of our community have been successful. His work in conservation to preserve the environment, develop the economy and enhance international trade are surely among his most successful and impactful endeavors.

As members of the Board of Supervisors, you know of his decades of dedication to community service. You have seen him successfully represent his District 4 constituents but also always consider what is best for the broader community. He has demonstrated many skills and attributes that I believe will serve him well as Justice of the Peace. He is extremely intelligent and well-informed giving him a broad base of knowledge on which he can make judgements. He is extremely reliable as demonstrated by the fact that he has been selected to represent Pima County in numerous national and international panels as committees over the years. He is contemplative and never one to rush to judgement without being fully informed. I recall the many probing questions he posed and the background reading he did to better understand why the Critical Path Institute would bring value to this community. I have had many conversations with Ray and heard first-hand his desire to improve the community but always with a consideration of compassion and fairness. I have no doubt that, as Justice of the Peace, he will make proper and fair judgements. Importantly, he also has the ability to communicate effectively so that everyone will be able to understand the basis for his decisions.

Re: Ray Carroll

Dear Members of the Board:

I reside in the Town of Sahuarita and recommend Ray Carroll for Justice of the Peace in Green Valley without any reservation. Having known Ray for approximately 8 years, I am familiar with him both professionally and personally. He is a dedicated parent and husband, who honorably served the people of this County as a Member of the Board of Supervisors. His background, personal qualities and involvement with the people of Pima County make him uniquely qualified to serve as Justice of the Peace.

Ray and I became acquainted socially and have become friends over the years. He is a confident guy, bright, and well-spoken on many subjects. He approaches professional life with determination and grit. Although his strong work ethic is important, I believe Ray distinguishes himself by having a profound commitment to the collective good and a sense of justice. He also consistently exhibits compassion and measures his response to individual circumstances with care. I firmly believe that he would treat all who appear before him with courtesy, respect and fairness.

In my opinion Ray's demeanor, judgment, background and leadership abilities would serve him well in the capacity of Justice of the Peace. The community in Green Valley will certainly benefit from Ray's outstanding qualities and experience. Please let me know if I can provide any additional information. I can be reached at [REDACTED] or by e-mail at [REDACTED].

I serve as Sr. VP for IPR-Contracts with Heartland. Currently we are involved in 2 start-ups, both in the high-tech sector. I understand business and can effectively apply business **Best Skills and Practices** to the Court to improve access to it and to bolster its efficiency.

I am an **Expert Committee Member** of the **International Licensing Platform for Vegetables (ILPV)**. This is a consortium of vegetable seed growers based in The Hague, The Netherlands. The ILPV seeks to guarantee access to patented vegetable breeding material to all and safeguard incentives for keeping plant material patents intact.

VISION: "Alternative Dispute Resolution – in theory and in practice"

I am an Arizona Attorney-General Trained **Alternative Dispute Resolution Practitioner**. Many cases that come before the Small Claims Court can be amiably resolved by arbitration. This is – **win-win** – for all parties. For the community it builds bridges and it expands community trust in the sensitivity and reliability of our judicial system.

At this juncture of my career, I'm looking for a new opportunity to serve our community. Serving as the Justice of the Peace for Pima County Judicial District 7 will bring my business management capabilities, IPR-contracts experience, and Team Building skills to bear in our Courts and the judicial system.

I ask you to consider my broad range of experience and skills and to appoint me to the post of **Justice of the Peace for Pima County Justice Precinct 7**.

Thank you for reviewing this letter and the accompanying material.

Sincerely,

/S/
