**Subject:** February 17th Vote -- PLEASE VOTE NO -- FOR THE SAKE OF YOUR CONSTITUANTS

I am writing to you, to **PLEASE VOTE NO** on **Mr. Huckleberry's proposal on FEBRUARY 17<sup>TH</sup>**, which would drastically increases my health care premiums, reduce my insurance coverage, and eliminate my PPO plan.

As a Pima County Employee, I already have insurance coverage that is sadly lacking in coverage, and my health care costs are extensive. I cannot afford living expenses and health care expenses now without burying myself in debt. As a county employee, and a single person, I make a wage that is far less than I made 30 years ago in the private sector. I serve our society in a necessary job, and feel I am already being penalized for it financially by politicians who make far too much money to realize how the rest of us have to live; and now this proposal is on the table AGAIN to make it even worse. I don't believe Mr. Huckleberry is proposing anything similar to apply to himself, who is in more of a position to be able to afford it.

Please represent your voters and protect us from further financial hardship!
