<b>Message Subject</b>	grant money for sheriff's department
<b>Comment</b>	Please let all the supervisors who are thinking about voting against the sheriff's department by not accepting the grant money for border enforcement that I feel it would be a foolish, petty, and spiteful decision against the people charged with protecting us. It is also a slap in my registered democrat face. I regularly hike in areas south of Tucson and have encountered groups of illegals on roads and trails, picked up at least 40 55 gallon trash bags of stuff they've left behind, found a stash of pot, and learned how to shoot a gun to become a concealed carry permit holder because of those things. The five stipulations have been met. Past data is not relevant to accepting this year's grant since previous money was accepted without stipulation. The Board already kicked the sheriff below the belt last year by denying his request for infrastructure improvement money. Why don't you stand up to this administrator and do what is right for your county and those you supposedly serve?
