BOS: These ineffective Covid shots have killed millions of Americans and disabled many others. They should be destroyed, not be distributed by bus or any other method to the residents of Pima County. Please stand up and support the real science and save those who haven't already died or been disabled by them. Your mandates in the past couple of years have already been responsible for some the the dead and disabled. Please do the right and honorable thing. No more Covid-19 shots should be allowed to be injected into any persons in Pima County. Thank you, Sharon Greene

In May 2023, Naomi Wolf concluded that The Greatest Crime Against Humanity Ever in Recorded History has occurred in the past 3 years since the roll out of the Covid-19 vaccines which proved to be neither safe nor effective.

BioTech CEO Naomi Wolfe hired a team of 3,500 volunteer scientists to evaluate the data Pfizer had on file regarding safety and testing of the experimental Covid-19 shot prior to the beginning of shots being given. The deadly impact on the world's population from Covid shots has resulted in 17-20 MILLION deaths throughout the world. That is 3 times as many deaths as occurred from the Holocaust in German in WWII. 3X as many deaths. This plandemic was a planned geonicde event. Pfizer was fully aware of the damage and deaths that their products were sure to cause. The results are published in her book **Facing the Beast: Courage, Faith, and Resistance in a New Dark Age.**

Naomi and her colleagues presented a mass of new and detailed proof that Pfizer and several federal government agencies were aware that its vaccines were a bioweapon that would have a genocidal impact on those who were vaccinated. Their findings included:

--The Pfizer vaccines were designed to greatly reduce the world's population, and were particularly aimed at the United States, Canada, and Europe, which now, proportionally, have the highest percentage of vaccine-caused casualties in the world. The human body, moreover, has no mechanism through which the vaccines' deadly materials can exit.

--The vaccines were designed to destroy fertility in both women and men. In young men, the shots degrade the testes and damage the heart. The evidence presented in her book show that Pfizer was essentially "waging a war on women" and that the most physically damaging-and lethal materials in the vaccines were aimed at women. These shots were meant not only to reduce fertility, but also to leave women with permanent and debilitating menstrual disorders, weakened and calcified placentas, and poisoned and discolored breast milk. In addition, the lethal elements present in the vaccines are passed from mother to baby before birth. Finally, since the Pfizer vaccines began to be used there has been a 13%-to-20% drop in live births in the United States and Europe. Hundreds of thousands have also been permanently disabled.

As government officials make future policies regarding our health, remember you are accountable for devastating results like this. History is clear. If and when those leading this global tyranny begin their take over of our country, they will first come to eliminate those in government and other positions who helped vacillate their goals. There are now more than 1.5 million illegal terrorists waiting in cell groups to attack some of our largest cities. Please do all you can to reverse this tyranny that was started with policies pushing these shots. You can stop this border invasion and stop the desecration of our citizens. The responsibility to preserve the life and safety of our citizens is yours. Please be wise. Thank you. Sharon Greene [REDACTED]
