Subject: URGENT: APPROVE the Ordinance to Protect the Inherent Freedoms of All Pima County's Children

Dear Supervisor Bryson and Board Colleagues,

My wife Charlotte Lowe and I are counting on you to ignore this hateful appeal (below) from the Center for Arizona Policy (CAP) and to unanimously APPROVE the proposed ordinance protecting young persons from forced sexual indoctrination.

CAP claims that its IRS tax-exempt purpose is to promote healthy families, yet all it does — with saddening regularity, the better to attract funding from equally authoritarian sources — is promote social division and seek evil outcomes for anyone who doesn't fit its members' definition of "normal." "Pray!" indeed, as if a merciful God would even acknowledge CAP's nonsense.

Thank you, Supervisors, for ignoring CAP's hateful, repressive appeal and protecting Pima's youth from forced indoctrination of any type. Ours is a free country.

Date: July 29, 2017 at 2:01:14 PM EDT
Reply-To: Center for Arizona Policy <advocacy@azpolicy.org>

Contact Pima County Board of Supervisors!

On Tuesday, August 1, the Board of Supervisors of Pima County will hold a hearing to address a proposed ordinance that promotes the LGBT agenda and infringes upon the constitutional rights of professional counselors, parents, and children.

The proposed ordinance reads, "No person may engage in sexual orientation change efforts with a minor in exchange for a fee." In other words, minors and their parents may not seek professional counseling in order to address unwanted same-sex attraction or gender dysphoria. Under the ordinance, the professional counselor would be fined up to \$2,500 for each violation simply for trying to help the family achieve their therapeutic goals.

The proposed ordinance...

1. Prohibits minors and their parents from choosing the therapy that they believe is best to further their therapeutic goals.
2. Is unconstitutional because it impermissibly regulates the content and viewpoint of the professional counselor's speech.
3. Is unconstitutional because it prohibits minors and their parents from hearing and receiving wanted therapeutic information.
4. Is unconstitutional because it burdens the free exercise of religion of the minor, parents, and counselor if the therapy is motivated by their religious beliefs.
5. Violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

The Board of Supervisors of Pima County needs to hear from you!

They need to know that children and their parents should have the right to seek the professional counseling they believe is best to further their therapeutic goals.

Action Needed:

- **Contact the Board of Supervisors of Pima County today.** Ask them to oppose the Pima County conversion therapy ordinance.

Subject: Fwd: "Conversion therapy" proposal--SUPPORT THE BAN

Dear Supervisor:

Consider this, if you will: You are born a certain way. Perhaps you are a certain gender or a particular ethnicity. Perhaps you have certain aptitudes or even disabilities. What would you think the consequences would be if, as a young person, someone tried to coercively change those things that fundamentally define who you are? What kind of potentially irreversible trauma or harm could that cause you?

This is the crux of the issue when it comes to so called "conversion therapy" for LGBT youth. Real harm is done when even potentially well-intentioned persons (including parents or clergy) try to convert young people into something they're not. I know some individuals who were exposed to this as teenagers, and the consequences were disastrous--causing a lifetime of emotional damage. There are even cases where this so called "therapy" has led to suicides.

This proposal to prohibit conversion therapy is really a basic human rights issue. It has nothing to do with governmental intrusion into families, rather it protects the fundamental right every family member or individual should have to BE WHO THEY ARE. This is not a partisan issue, in fact there should be nothing political about it.

I strongly urge you to support this proposal as a family rights and human rights issue. No LGBT person should ever have to endure "conversion therapy" (which has been thoroughly discredited by all reputable components of the medical and psychological community).

Thank you for considering my views.

Subject: Please oppose the conversion therapy ordinance!

Jul 31, 2017

Supervisor - Pima County Board of Supervisors - District 1 Ally Miller 11th Floor
130 West Congress Street
Tucson, AZ 85701-1332

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

Please vote in opposition to the conversion therapy ordinance!

As a resident of District 1, I do not affirm that this is the right, duty, or the responsibility of the Pima County Board of Supervisors to engage in passing these ordinances. You were voted into the office as a Supervisor to partner with other county departments to ensure a safe community, nurture economic development, manage natural resources, and protect public health. This conversion therapy ordinance DOES NOT align with any of these duties as an ELECTED official to conduct on behalf of the residents of Pima County.

Children and parents have the right to seek the therapy they believe is best to further their therapeutic goals. Furthermore, as it is listed above, your duty as a Supervisor is not to regulate private practices who are rightfully and duly engaged in what they are licensed by the state board to be able to do. Unless, they are engaging in a practice that is a danger to public at large. This ordinance does not meet ANY of these scenarios.

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It impermissibly regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

I kindly ask that you reconsider your involvement promoting or passing this ordinance as it does not align with any responsibility you have as Supervisor in Pima County and remove it from your agenda on Tuesday, August 1.

Thank you,

Crystal Renfrow

Supervisor - Pima County Board of Supervisors - District 1 Ally Miller 11th Floor
130 West Congress Street
Tucson, AZ 85701-1332

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

Please vote in opposition to the conversion therapy ordinance!

Children and parents should have the right to seek the therapy they believe is best to further their therapeutic goals.

For example, what if a teenage boy who had identified as a female for years comes to believe that he would be happiest and most fulfilled if he lived in a way consistent with his biological sex. Why should he be prohibited by law from finding a professional counselor that could help him achieve his desired therapeutic goals?

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It impermissibly regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.

To: District1
Subject: conversion therapy should be available to minors who request it

Supervisor Miller:

I don't live in Arizona but I am following developments in the ridiculous movement to "ban conversion therapy." To "ban conversion therapy" is essentially to ban accurate sex education. I testified against the "ban conversion therapy" bill (HB 6695) in Connecticut. Unfortunately, the bill passed. In Arizona, you may find my short (40 pages) book helpful: *Can Sexual Orientation Change? One Man's Memoir*. It is available on Amazon.com. I explain how my sexual orientation changed from homosexual to heterosexual. I am a man now happily married to a woman. We've been happily married for 14 years.

Can Sexual Orientation Change?

One Man's Memoir
David Robinson

Here is a link to my book: <https://www.amazon.com/Can-Sexual-Orientation-Change-Memoir-ebook/dp/B01MR7CLOE>

If conversion therapy is banned, many statements that were always legal and made good sense become illegal for a professional (someone who is paid) to tell a minor who has homosexual urges. Examples:

"The male sex organ is designed to fit into the female sex organ. That is how people reproduce."

"The first sexual urges many kids your age experience are homosexual urges. Most of them will eventually be heterosexual. You'll see. Wait another year or two."

"The Bible says a man shall leave his mother and father and join together with a wife. The Bible says homosexuality is wrong."

Those statements become illegal because they will be construed as an effort to "change another person's sexual orientation" from homosexual to heterosexual.

It may also become illegal for the professional to tell a minor what the U.S. Centers for Disease Control says about homosexuality. The following statements are exact quotes taken from the U.S. Centers for Disease Control website today (July 30, 2017), <https://www.cdc.gov/hiv/group/msm/index.html>: "Gay and bisexual men are more severely affected by HIV than any other group in the United States." "Gay and bisexual men accounted for 83% (29,418) of the estimated new HIV diagnoses among all males aged 13 and older and 67% of the total estimated new diagnoses in the United States." "Gay and bisexual men aged 13 to 24 accounted for an estimated 92% of new HIV diagnoses among all men in their age group and 27% of new diagnoses among all gay and bisexual men." "Gay, bisexual, and other men who have sex with men made up an estimated 2% of the population but 55% of people living with HIV in the United States in 2013."

Ask Arizonans if they want such statements to be illegal. I think Arizonans want such statements to be legal, not illegal. In Connecticut, in my opinion, the ban on conversion therapy makes such statements illegal for a licensed mental health professional to tell a minor.

I agree that minors should not be *compelled* to undergo conversion therapy. I also agree that barbaric (physically painful) forms of conversion therapy should be banned. But if a minor requests conversion therapy that is simply talk therapy, or if the minor's parents request it (talk therapy) for the minor and the minor expresses that the minor also wants the therapy (that is, if the minor makes clear to the therapist that the minor's parents are not *forcing* the minor to undergo therapy), the therapy should be available, in my opinion.

Thank you.

Subject: Please oppose the conversion therapy ordinance!

Jul 30, 2017

Supervisor - Pima County Board of Supervisors - District 1 Ally Miller 11th Floor
130 West Congress Street
Tucson, AZ 85701-1332

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

Please vote in opposition to the conversion therapy ordinance!

Children and parents should have the right to seek the therapy they believe is best to further their therapeutic goals.

For example, what if a teenage boy who had identified as a female for years comes to believe that he would be happiest and most fulfilled if he lived in a way consistent with his biological sex. Why should he be prohibited by law from finding a professional counselor that could help him achieve his desired therapeutic goals?

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It impermissibly regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Thank you,

Sincerely,

Ms. Laurie Dillon

Subject: Please Oppose the Pima County Conversion Therapy Ordinance

Dear Supervisor Miller,

Please oppose the Pima County Conversion Therapy Ordinance. Citizens may disagree on the LGBTQ issue, but few of us would oppose the right of loving parents to instill religious values in their children. It is a fundamental American right.

Should government take this unwise step, the unintended consequences would be disastrous.

Thank you for your consideration of my request.

Respectfully,

Eric R. Abrams

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

Please vote in opposition to the conversion therapy ordinance!

Children and parents should have the right to seek the therapy they believe is best to further their therapeutic goals.

For example, what if a teenage boy who had identified as a female for years comes to believe that he would be happiest and most fulfilled if he lived in a way consistent with his biological sex. Why should he be prohibited by law from finding a professional counselor that could help him achieve his desired therapeutic goals?

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It impermissibly regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Finally, doctors already require anyone who desires a sex-change to have a certain amount of therapy sessions to ensure this is what they really want, so this ordinance would be entirely counterproductive for the LGBTQ community anyways.

2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Finally, children are not intellectually mature enough to make life decisions of this magnitude on their own. Parental guidance and medical assistance is necessary to address these issues. Parents should have the legal right to decide what is best for their children until they are of legal age to make these life decisions on their own.

Thank you,

Sincerely,

Mr. Jerry Borge

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

Please vote in opposition to the conversion therapy ordinance!

Children and parents should have the right to seek the therapy they believe is best to further their therapeutic goals.

For example, what if a teenage boy who had identified as a female for years comes to believe that he would be happiest and most fulfilled if he lived in a way consistent with his biological sex. Why should he be prohibited by law from finding a professional counselor that could help him achieve his desired therapeutic goals?

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It impermissibly regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Thank you,

Sincerely,

Miss Laura Adams

Subject: Pima County Conversion Therapy Ordinance

Dear Supervisor,

I am opposed to the proposed "Pima County Conversion Therapy Ordinance" because it is a morally bankrupt idea. Also, it violates the fundamental rights of parents under Arizona law ARS-1-601(A). And it contains provisions that appear to be unconstitutional.

I am asking you to oppose the "pima County Conversion Therapy Ordinance."

Respectfully,
Robert O. Daley

Subject: Proposed SOCE Ordinance

Dear Ms. Miller,

As a resident and taxpayer in Pima County I am asking you to vote against the proposed SOCE ordinance that the board will be holding hearings on.

The proposed ordinance...

1. Prohibits minors and their parents from choosing the therapy that they believe is best to further their therapeutic goals.
2. Is unconstitutional because it impermissibly regulates the content and viewpoint of the professional counselor's speech.
3. Is unconstitutional because it prohibits minors and their parents from hearing and receiving wanted therapeutic information.
4. Is unconstitutional because it burdens the free exercise of religion of the minor, parents, and counselor if the therapy is motivated by their religious beliefs.
5. Violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Please exercise appropriate discretion in halting this unnecessary and burdensome ordinance.

Respectfully,
Jay Satterwhite

Subject: The Flaws in the Conversion Therapy Ordinance

Jul 31, 2017

Supervisor - Pima County Board of Supervisors - District 1 Ally Miller 11th Floor
130 West Congress Street
Tucson, AZ 85701-1332

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

I am of the opinion that a child's identity is not based on sexual orientation. People are more than what they are attracted to, people are more than simply sex and gender. If I were a kleptomaniac, if I were obsessed with stealing things, if I were infatuated to expensive articles at the mall, the government would not tell my parents not to seek counseling because I am a thief. They wouldn't tell my parents, "That's just who she is, that's what she identifies with: a thief.

It can't be helped, it won't be helped, because she is what her attractions are." It's not the role of government "to direct the upbringing, health care, and mental health of their children."

ARS 1-601(A). It's the role of the guardian. This ordinance would be unconstitutional for its regulating of the speech and advice of the counselor, not allowing minors and parents to listen to wanted therapeutic advice, and infringing on the freedom of religion if counseling is sought on the basis of religious beliefs. Please consider opposing this ordinance for interfering in the rights of the parent, child, and counselor. Thank you for your time.

Sincerely,

Ms. Grace Gephart

For example, what if a teenage boy who had identified as a female for years comes to believe that he would be happiest and most fulfilled if he lived in a way consistent with his biological sex. Why should he be prohibited by law from finding a professional counselor that could help him achieve his desired therapeutic goals?

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It impermissibly regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Thank you,

Sincerely,

Mrs. Janice Griffin

Subject: Please oppose the Pima County conversion therapy ordinance

On behalf of our community, please oppose the Pima County conversion therapy ordinance.
The proposed ordinance...

1. Prohibits minors and their parents from choosing the therapy that they believe is best to further their therapeutic goals.
2. Is unconstitutional because it impermissibly regulates the content and viewpoint of the professional counselor's speech.
3. Is unconstitutional because it prohibits minors and their parents from hearing and receiving wanted therapeutic information.
4. Is unconstitutional because it burdens the free exercise of religion of the minor, parents, and counselor if the therapy is motivated by their religious beliefs.
5. Violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children.

Thank you,
Sarah Kirk

Subject: Please Oppose The Conversion Therapy Ordinance

Dear Ally Miller,

I recently became aware that the Pima County Board of Supervisors is voting on an ordinance on August 1st that if passed (per center for AZ Policy) will take away many freedoms for parents and children seeking help from a professional counselor. I urge you to vote not to pass this Ordinance. This also infringes on our religious freedom to be able to say no, as Christians, to what the Bible says is sin. Below are the specific ways this Ordinance will infringe on our rights and the rights of counselors.

Thank you for your time, I appreciate it.

Stacy Carlson
4963 W Candleberry Way

Supervisor - Pima County Board of Supervisors - District 1 Ally Miller 11th Floor
130 West Congress Street
Tucson, AZ 85701-1332

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

Please vote in opposition to the conversion therapy ordinance!

Children and parents should have the right to seek the therapy they believe is best to further their therapeutic goals.

For example, what if a teenage boy who had identified as a female for years comes to believe that he would be happiest and most fulfilled if he lived in a way consistent with his biological sex. Why should he be prohibited by law from finding a professional counselor that could help him achieve his desired therapeutic goals?

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It impermissibly regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Subject: vote to oppose ARS 1-601(A) proposal

To: Ally Miller, District 1

As a citizen and voter in District 1, I'm asking you to oppose the proposal that states, "No person may engage in sexual orientation change efforts with a minor in exchange for a fee." This is part of the ARS 1-601(A) proposal.

I certainly believe in the rights of parents, a strong value that the overall recommendation is trying to achieve. However the proposal itself--particularly the far-reaching implications of this bill--would achieve the opposite of the essential hope to strengthen families. It would curtail the resources that families may choose, if it they so determine, to support their values and relationships.

Having worked with adolescents in counseling and life coaching for fourteen years in my earlier career, the results would hamstring the ability of parents and counselors to work together as supportive supplements of the teen's growth. I recognize that there are some parents who are unhealthy and dysfunctional. These parents need the care and boundaries that our community can provide. But it would be unwise--perhaps even unconstitutional--to create a ruling that would hamper the good work that most parents and counselors can do together. We may wish to strengthen the laws that control dysfunctional parenting, but let's not hamstring the work of many other good parents and counselors to arrive at such a hope.

Please vote against this proposal as the representative for our district.

And thank you for your continued service to so many of us in this great city.

Subject: sexual conversion therapy ordinance

Dear Supervisors Miller, Valdez, Bronson, Christy and Elias:

As a parent and a grandparent, I urge you to oppose the Pima County conversion therapy ordinance. This ordinance flies in the face of parenthood and the individual rights as a parent; it is unconstitutional because it influences how counselors provide professional guidance and their speech; it prohibits parents and the minor from seeking the guidance they choose for their child; it closes doors on avenues that may provide help and confines a family to a narrow LGBT agenda. It is a fundamental right of each parent to bring up their child (not the governments) and to direct their education, medical care and their mental health care.

You may go through my list, and say, "No, it doesn't do that; No, it doesn't do that either..." The point is, the way I want to counsel my child who is involved in sexual orientation issues, in ANY way - is MY business - not yours to decide. Please do not enter into this. Instead, focus on true county issues: police and safety issues; roads; and community enhancements that will help make Tucson a family friendly healthy community.

If you are a parent or a grandparent, ask yourself if you want this ordinance mandating your parental rights. Please, please, please refocus your time and priorities on what our community needs - attention to the basics.

Ms. Miller, I am opposed to the Conversion Therapy Ordinance the Board of Supervisors is slated to hear on Tuesday. As a healthcare provider, my interactions with my patients are under federal regulation to be confidential (HIPPA), and there are heavy fines associated with violating such confidentiality. So why should Pima County be privileged to listen in to know what happens in my appointments? And why should the county overrule a parent's mental healthcare decision for their child? As your constituent, I would like you to oppose the Conversion Therapy Ordinance.

Thank you,

Dear Supervisor - Pima County Board of Supervisors - District 1 Miller,

Please vote in opposition to the conversion therapy ordinance!

Children and parents should have the right to seek the therapy they believe is best to further their therapeutic goals.

For example, what if a teenage boy who had identified as a female for years comes to believe that he would be happiest and most fulfilled if he lived in a way consistent with his biological sex. Why should he be prohibited by law from finding a professional counselor that could help him achieve his desired therapeutic goals?

In addition, the ordinance appears to violate both the United States Constitution and Arizona state law:

1. It impermissibly regulates the content and viewpoint of the professional counselor's speech.
2. It prohibits minors and their parents from hearing and receiving wanted therapeutic information.
3. It burdens the free exercise of religion of the minor, parents, and counselor if the desired therapy is motivated by their religious beliefs.
4. It violates the fundamental rights of parents, under Arizona law, to direct the upbringing, health care, and mental health of their children. ARS 1-601(A).

Thank you,

Sincerely,

Mrs. Carlie Madrid

Subject: Please vote NO on proposed ordinance

Good morning Supervisor Miller,

I am writing you, both as a parent and a of Pima County, regarding the proposed Pima County Sexual Orientation Change Efforts ordinance. This ordinance is not only wrong, but also outside the scope of County Government.

The proposed ordinance reads, "No person may engage in sexual orientation change efforts with a minor in exchange for a fee." In other words, minors and their parents may not seek professional counseling in order to address unwanted same-sex attraction or gender dysphoria. Under the ordinance, the professional counselor would be fined up to \$2,500 for each violation simply for trying to help the family achieve their therapeutic goals.

The proposed ordinance...

Prohibits minors and their parents from choosing the therapy that they believe further their therapeutic goals.

Is unconstitutional because it impermissibly regulates the content and view of professional counselor's speech.

Is unconstitutional because it prohibits minors and their parents from hearing receiving wanted therapeutic information.

Is unconstitutional because it burdens the free exercise of religion of the minors, parents, and counselor if the therapy is motivated by their religious beliefs.

Violates the fundamental rights of parents, under Arizona law, to direct the health care, and mental health of their children. ARS 1-601(A).

It is imperative that children and their parents should have the right to seek the professional counseling they believe is best to further their therapeutic goals.

Thank you for your service on the board, and in particular attention to this matter.

Best regards,

Rob
