Board of Supervisors' Meeting of February 6, 2024

Please add the following to their respective agenda items.

Agenda Item 14 (Human Resources) Compensation Matters for the Director Office of Digital Inclusion, salary range \$117,545-\$176,318).

I trust BOS have been watching with interest the City of Gilbert's problems with their over-extended (both monetarily and task-wise) office which ended up spying on employees.

Certainly Pima County should tread carefully along the path they are pursuing, start smaller, and when the position proves its necessity, add additional funding to the position. After the news waves Gilbert has made, citizen's eyes will be on Pima County following so closely in their heels. As County Administrator Leshar points out in her budget memo now is perhaps the time to "assess vacant positions for possible elimination or delayed start." Vote to table this item. Move slowly and, if not eliminating the position, reduce the compensation until the position justifies its existence.

Agenda Item 15 (Behavioral Health) It's great seeing something that provides for county residents in need, rather than individuals who have no ties to our community.

Agenda Item 18 (Facilities Management) Cooperative Agreement for Provision of Humanitarian Services. As the County now owns 1150 W Drexel Road and is using it for safe, temporary respite provided by CCSSA - let's open it up to homeless individuals who lack a fixed, regular, and adequate night-time residence and who should enjoy at least what professed asylum seekers are receiving. I'm sure CCSSA would find it a worthwhile cause for their charity.

Further it meets the public benefit and metrics of this agenda item while using funding for community safety. Vote to approach CCSSA regarding this change and proceed after receiving their concurrence.

Agenda Item 20 (Procurement) Award for Multiple Contractors Special Interest Class Instructors. I'd be really curious at the number of citizens these NRPR classes service and at the individual cost. Do the BOS know? Based on what the county is providing the split would be more equitable at 70/30, not 80/20. This item should be tabled until more information is available.

And items on the Addendum to the Agenda of 2/6/2024

Addendum Items 4-9 (Grants Management). Again, with an eye on Administrator Leshar's budget woes - "Postpone non-critical capital expenditures" or "place a hold on discretionary spending" or if there is no hold, at least reduce the contract amounts by 30 percent.

Dear Supervisors:

We know that there is a purposeful invasion of the U.S. by border crossers coming over illegally. We are well aware that people crossing illegally are not properly vetted and are offered incentives by programs put in place to assist. Stop accepting Federal money to fund the continuation of the border crisis. Stop extending contracts with transportation companies, Catholic Services, etc., that are profiting from the invasion. We realize that it is our taxpayer money going to fund these programs that do not offer comparable services to our legal taxpaying citizens. How unfair, divisive, and corrupt.

Sincerely,
Kathy Madsen

[REDACTED]

Please vote NO on the following agenda items.

I request that you return all federal money received and stop paying for all items related to sheltering or caring for illegal border crossers. Why do should they receive all of these benefits when our homeless and veterans do not receive the same attention and money. Where are their showers and portable toilets?

This is our tax dollars? I do not approve of spending it this way. How can you over spend if you do not have the money? We need infrastructure in our own back yard!

- **Agenda Item #18: Facilities Management.**
- **Addendum Item #4: Catholic Community Services of Southern Arizona, Inc.,** - contract amount \$1,280,868.66.
- **Addendum Item #5: Catholic Community Services of Southern Arizona, Inc.,** - Phase HR22 Fund, contract amount (this item is related to agenda item #31 above).
 - **Addendum Item #8: Catholic Community Services of Southern Arizona, Inc.,** City of Tucson
- **Addendum Item #6: City of Tucson,** to provide for Fiscal Agent Pima County/Emergency Food and Shelter to Families and Individuals - DHS - Phase HR22 Fund, contract amount \$2,273,437.03
- **Addendum Item #7: City of Tucson,** to provide for Fiscal Year 2023 Shelter and Services Program, DHS/FEMA/Grant Programs Directorate Fund, contract amount \$3,774,485.54
- **Addendum Item #9: City of Tucson,** Amendment No. 2, to provide for Fiscal Agent Pima County/Pima County Emergency Food and Shelter to Families and Individuals encountered by the DHS, - the BOS is requesting a total of \$8,772,015 (with \$6,047,923 going to the City of Tucson for hotels, Sun Tran services, etc.) to come out of taxpayer money to house, feed and transport asylum seekers. Border crossers already get phones, money, new clothing, etc., to come over the border. The hit to Tucson, with the average border crossings estimated at 1,282 per day, is that this city is being completely overrun -- so are many other cities that Pima County is facilitating transportation to.
