PETITION to the Pima County Board of Supervisors

We the undersigned request that you require Verizon Corporation to install a site-appropriate cell tower at 3200 N. Camino de Oeste, that conforms to the most rigorous interpretation of stealth design as set forth in the County Building and Land Use Codes' criteria for a stealth cell tower on a County Major Scenic Route, and that the old-fashioned, western, wooden-barreled water tower currently proposed be eliminated from consideration for that location.
