Comments :

Please do not raise sales tax by 1/2 cent for road repairs. Taxes have been repeatedly raised and are very high now. The county needs to live within its budget and get the roads fixed without continually increasing the burden on taxpayers.

Pima County Supervisors:

I am a college educated member of our community who pays my taxes and is a law abiding united states citizen. Our property taxes are some of the highest when compared to other counties. You have been approving little tax hikes here or there which have added up over time. Now you propose we increase sales tax in pima county to pay for the roads. No one needs a MINERAL MUSEUM OR THE COURT HOUSE TO BE REMODELED FOR \$25 million dollars!!! Chuck Huckleberry doesn't need a VEHICLE ALLOWANCE and his minions don't need raises when county workers and teachers are barely able to make ends meet! Stop spending money on ridiculous things and spend the money on the roads as promised year after year. How about we evaluate where the money is going and what IS NOT NEEDED before we increase sales tax and property taxes!!!! Stop wasting our money!!!

Thank You,
Brittany Dawson

Ms Miller

My wife and I recently heard you will vote NO on increasing taxes to pay for road repairs. We live in Hidden Valley and we support your vote to say NO. Our roads are not great, but from what we see, people around here use their 4X4 trucks and just tear up any repairs made. We feel it is a waste of money when there are so many other issues that need to be addressed beside paying more for roads. Please vote NO.

Thank you for having the common sense and truly representing us!

Kind Regards,

Allan Honda

Dear Ms. Miller:

You don't represent me since I live in District 3 but you are a responsible Republican on the Board and I urge you to vote against the proposed Sales tax increase for Road Repair. I do agree that Huckleberry needs to go but you and I both know that he is not going to leave no matter what we think. Nevertheless, don't let Elias and his gang get this kind of money in their hands. All we need to do is look at what they are spending for new soccer fields near the defunct ball parks along I-10.

I realize that as a homeowner in Pima County I've had an increase in my property taxes to pay for repairing roads as they now exist, but as unfair as this is to property owners, the potential for Huckleberry to not use a new sales tax is too great for me to look the other way. In addition, as I am represented by Ms. Bronson, I know that she will readily vote yes to install the tax increase since she does whatever the other two Democrats want that sit on the Board.

Please, don't allow this sales tax to pass. Vote NO. I respect your courage and commitment to stand up to these folks on the Board that want to do nothing but spend our tax money on their special interest projects and care less about the folks paying the bills, the taxpayers in Pima County.

Garret & Ally,

Continue the outrage...Pima County's philanthropist at it again, but it ain't his money. chuckie's a prime candidate to register for Fiduciary Counselling at Trajan Wealth...much cheaper than \$2.8M.

Ya gotta love the political double standards...financial firms in the real world must practice fiduciary standards in handling client's money, but there's no standards when chuckie squanders taxpayers' money...so much for the left's cry of `fairness & equality.`

So, using bernie's favorite `R` word, let the `revolution` begin, again...no more taxation, without representation.

So paying more than the market price and spending millions more to get rid of the asbestos is your brilliant solution? Conveniently, you don't mention over how many years we have paid the \$9 million. We have already voted about road repair and don't need to vote again to have our taxes raised so you can finally do the job of road repair you should have been doing all along rather than purchasing golf courses and soccer fields and overpriced decrepit bowling facilities and giving buildings away for \$1 rent. Everything is always "perhaps" and "hope" and "in the future" for you while you waste our money and spend money we don't have. You still haven't fixed the roads already.

Your explanation is nothing but more blather and hot air.

Vicki Davis

Ms. Davis,

I received your May 8, 2018 email. The proposed purchase of the Golden Pin Lanes is to consolidate a number of County services that have been in leased properties, which means we rent the property from others and make rent payments for which we have no benefit other than a rent receipt. To date, we have paid over \$9 million in rent rather than the \$2.8 million purchase price of Golden Pins. We intend to remodel the facility, similar to what the City of Tucson has done with the former Kmart site just west of this facility. There are no tax increases scheduled with this acquisition, as it will be a net benefit to the County and perhaps actually reduce taxes.

In the future, when the consolidation of various County service providers has been completed, i.e., Health Department, Adult and Juvenile Probation, Employment and Training and others, services should be improved at substantially reduced costs.

I hope in the future the public has an opportunity to vote on road repair.

Please, just fix our roads instead of fiddling (while our roads get worse and worse) with purchasing an asbestos contaminated bowling ally for an above market price and then hiding that fact by proposing a 5 year contract to deal with asbestos removal and locking accounts for asbestos removal already done on a small part of the property. ✓

Stop fiddling and FIX THE ROADS in Pima County like you are supposed to. NO NEW TAXES. Enough already.

Thank you,

Vicki Davis

Subject: Golden Lanes Bowling Alley

As a taxpayer in Pima county, I DO NOT want to own a defunct bowling alley. The taxpayers already own a balloon factory which will probably go belly up, several "historic" ranches, one of which I can see from my home, with a newly installed lake. Wonder how much that cost the taxpayers! And, various other dreams of our county manager. I also do not want to own another soccer complex! I DO WANT TO SEE MR. HUCKELBERRY REMOVED FROM OFFICE, BEFORE HE TOTALLY DESTROYS THIS COUNTY! He has been in his office for over 20 years, after destroying the City! Enough already, hire someone without his own agenda. How many of these properties will he take with him when he leaves office? I realize the situation is three against two, or maybe four against one, depending on how much Huckelberry elixir the District 4 supervisor has consumed.

I am tired of driving on crappy county roads and I do not want to pay more to fix them if you people are going to continue to squander taxpayer funds on frivolous and stupid deals such as this bowling alley. COME ON FOLKS, SAY NO!

Comments	Thank you for keeping us informed on the Garret Lewis show. I only hear part, but will send emails to each of the Board telling them fix our roads and stop wasting money. Who pays more than appraised value - which ever value was correct? Everyone knows renovation will cost probably double the budget, and the loss of real estate tax is not good. In the meantime they want to raise our taxes!! Keep up the good work. Steve Christy lost me when he did the Green Valley park.

Comments	<p>Ally Miller I had already sent you this note earlier today 5/10/18 but I decided I would appreciate a reply. So I am sending it again with my email address above. What is WRONG with Pima County???????????????? Why do you want to waste more money on a stupid bowling alley. FIX THE ROADS all over the county and stop complaining the county has no money to fix the roads. The County Supervisors waste more money on non essentials. The money is there for designated ROAD REPAIRS if you would STOP raiding the fund and wasting it. There are other buildings that the county already owns that could be fixed up and save a lot of taxpayer money. And your trying not to let the county residents know about this scheme is disgraceful. More tax and spend and waste. WE as residents of Pima county DO NOT want our taxes raised again. Additional comments Thank you for your hard work for our district and keeping us informed of Pima County tax and spend Board OF SUPERVISORS. You seem to be the only one standing up for the taxpayers in this district on the Board. We definitely need new a house cleaning of this wasteful Board. But since this area is heavily Democratic it seems impossible. I have lived in Tucson for most of my life and the Board of Supervisors in this county do not meet their commitments to the taxpayers of this district. They promise road repairs or other legitimate needs of the county and once the voters give approval, the Board then takes the money and spends it on whatever their current flakey idea is at the moment. Then they come back with the excuse we don't have any money for repairs. STOP THIS WASTEFUL SPENDING.</p>

Dear Mrs. Miller,

Having been a Pima County resident for 38 years all the while hoping our supervisors were doing there utmost best at being good stewards of the taxpayers hard earned money it appears that the opposite has been true.

My wife and I have been able to stay better informed now that our 3 have graduated college with excellent educations in the Amphi school district, Harrelson/CDO. We have both retired from our original occupations and are working together in our small business which survives solely based on our day to day decision making unlike that of tax supported entities or huge corporations with lobbyist vying for hard working American taxpayers dollars.

That said we cannot thank you enough for being seemingly the lone voice in the desert/only supervisor to scrutinize budgets and attempt to hold the rest of the tax and spend supervisors accountable.

We totally support you in your efforts to cease and desist the ("much needed bowling alley purchase", sarcasm), and your continued efforts to aim HURF/VLT monies where they are intended.

Thank you and please keep fighting the good fight.

Respectfully,
John and Peggy Mall

Respectfully,

Mrs Miller, please vote NO on the proposed tax raises, currently on the table and future proposals. Use the current funds that have been "collected" from us, the tax payers, to repair the roads, especially the roads in the Picture Rocks district (Ina road East of Sandario is in DIRE need) Also, the Bowling Alley purchase is in essence, a boondoggle, a useless expenditure of the peoples funds. Just like the golf club purchase, it reaks of corrupted deals made behind closed doors. Please vote no.

Thank you for your time,

Troy Scott
District 3

One would be amazed at what can be acomplished physically, mentally and spiritually, just by saying and believing these four simple words, "I can do it".

Dear Ally,

Thank you for all you do and for standing your ground. I have sent the following email to each Board Supervisor in the hopes that it will make a difference. I have also informed folks in my area about the injustices occurring here and have asked them to appear at the next meeting.

Thank you once again for shedding light on all the corruption that goes on at our county level.

=====

Dear Mr. Valadez,

I am requesting that you please seriously consider voting against the purchase of Golden Pin Lanes and against the Road Sales Tax that Chuck Huckleberry has recommended that the Board of Supervisors approve at the May 15, 2018, meeting.

As the County Administrator, Chuck Huckleberry is responsible for "Carrying out the policies and goals established by the Board of Supervisors"; however, it is apparent that Chuck Huckleberry is dictating to the Board of Supervisors what to do.

Please stand with Ally Miller and do your job as a Pima County Board of Supervisor and represent the people in your county by doing what is morally and ethically right.

If these agenda items are approved by the Board of Supervisors, I will immediately start recall petitions on each board member that votes in favor of them.

Again, please hold County Administrator, Chuck Huckleberry, accountable for his responsibilities of:

- *Carrying out the policies and goals established by the Board of Supervisors;
- *Providing information & technical assistance to the Board of Supervisors;
- *Administering & overseeing all non-elected official departmental operations;
- *Providing management, coordination & communication on legislative issues & inter-governmental needs.

County Administrator, Chuck Huckleberry, is accountable to the Board of Supervisors and should not be allowed to dictate to the Board of Supervisors how to spend our hard earned tax payer dollars.

Tax payers monies are supposed to be used to make our community safe, to maintain our roads and parks,

libraries and municipal services. Tax payers monies are not suppose to be used as "Corporate Welfare" to bail out friends from bad investments nor your friends "Pet Non-Profit Projects".

A No Vote is hereby respectfully requested in order to avoid being recalled from your position as a Pima County Board of Supervisor.

Thank you.

Subject: Budget

This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

So, you have adopted a new budget for 2019. And if the ½ cent sales tax doesn't pass because it is needing a unanimous vote, you will have to decide if you will keep the .25-cent road repair property tax rate or not. Hummm... lets see.... Do we believe that you would actually think of giving up this free money? Oh, hell no!

So, Pima County having the **HIGHEST PROPERTY TAXES IN THE STATE OF ARIZONA**, why would we **even** begin to think that you are concerned with us, the little people, the taxpayers? And you being concerned enough by LOWERING our taxes, and heaven forbid that you actually do you **JOB** and **FIX THE ROADS!**? Having the highest property taxes in the state, having the worst roads in America (even worse than Michigan who is KNOWN for having terrible roads!) and no jobs coming in to this area BECAUSE of the roads... why the **HELL** are YOU stealing OUR money (us tax payers) with buying a run-down, hazardous bowling alley for higher than appraised value that will need thousands upon thousands of dollars in remediation??? What the hell is wrong with this picture??? What the hell is wrong with you people??? Shame on all of you!

We are all so sick of your irresponsibly. I am **SO sick** of your lies and **lack** of fiduciary care that this current, corrupt Board of Supervisors take in the handling of their constituent's tax payer monies with all the irresponsible spending. We want our property taxes **LOWERED**. And we want the road fixed. **NOW!**

There is NO WAY that we, Pima County residents, will agree to ANY more bonds or extra taxes. Steve Cristy, you blew it. You kept touting that ½-cent sales tax to fix the roads, but completely dropped the idea of lower our property taxes that was in the original discussion, but yet you push at accepting a 'donation' of an unused, broke golf course. Hummm, I am guessing your buddy from Borderland Construction that 'donated' this unused, costly piece of property will be one to benefit from any and all of these 'repairs'. Correct? ([Borderland Construction switches gears to compete](#)). You are all so corrupt, (sorry Supervisor Miller, you are excluded from these remarks and my anger since you are the ONLY one that is actually doing your job and trying your best to work **FOR** us Pima County Residents).

The proposed total county budget (expenditure limit) for next year is **\$1.35 billion, which is about 6.1 percent more than this fiscal year, however, it's still 9 percent less than the fiscal year 2008 county budget, which**

was the start of the Great Recession.

The tentative proposed total county tax rate adopted by the Board Tuesday is \$5.9043 per \$100 of taxable net assessed value (including an estimated \$0.0459 per \$100 of taxable net assessed value for the Fire District Assistance Tax that is not controlled by the board), which if adopted June 19 would be a tax rate cut of 12 cents per \$100 below the current fiscal year's rate. The total rate may change if the board adopts the road repair sales tax and eliminates the 25-cent property tax rate.

If the board doesn't adopt the road repair sales tax June 19 but keeps the road repair property tax rate, the resulting total county property tax rate cut for next fiscal year would fulfill a pledge made by the County Administrator and the board last year to make the 25-cent special road repair tax rate neutral for county taxpayers. **Sherriff's Department personnel costs prevented the board from cutting the primary property tax rate by the full 25 cents this fiscal year, so the board proposes to make it up next fiscal year by cutting the primary rate 14 cents, lowering the rate to \$4.3196 from \$4.4596.**

Board adopts tentative budget for FY 2019

**Do your damn jobs and quit wasting our money
- just FIX THE DANG ROADS!!!**

Sincerely,

Vicki Entrekin

June 1, 2018

Chuck Huckelberry, Pima County Administrator
Pima County Governmental Center
130 W. Congress St., 10th Floor
Tucson, AZ 85701

Dear Mr. Huckelberry,

I have lived in Pima County for the past 14 years. During that time I have needed to drive on Thornydale Road on numerous occasions. The sections of the road that are under the jurisdiction of Pima County are in outrageously bad condition. I have traveled in several third-world countries and have never encountered roads in urban areas as badly maintained as that one.

It is my feeling that the maintenance of roads should be a high priority for any County. It appears, however, that in Pima County road maintenance is at the bottom of the list for budget allocation. This needs to be rectified. I agree with Supervisor Ally Miller that funds for maintenance of the badly neglected Pima County roads should be found in the budget and not through increased taxes. There have been way too many less important projects taking precedence in the budget. I urge you and your Supervisors to immediately take steps to make fixing Pima County's roads a major priority. They are in dire need of attention.

Thank you.

Barbara M. Godinez
