PROBLEM IDENTIFICATION AND RESOLUTION:**Agency Background:**

Pima County is the seventh largest agency in the United States and the Pima County Sheriff's Department is the primary law enforcement agency within Pima County. It encompasses over 9,241 square miles and serves over 353,387 citizens living in the unincorporated areas of Pima County. There are approximately 10,000 miles of roads throughout Pima County inclusive of Interstate, state routes, major streets and residential roadways. Pima County also borders Mexico for 123 miles.

The Pima County Sheriff's Department employs over 536 commissioned personnel and more than 991 corrections and civilian personnel.

In total the Pima County Sheriff's Department makes approximately 175 DUI arrests each month and the Special Operations Section deputies account for roughly 50 of these arrests. These Special Operations deputies are frequently called on to complete and further investigations initiated by patrol deputies in an effort to allow the patrol units to return to more routine calls for service.

Agency Problem:

In recent years the national impaired driving averages have dropped. Roughly forty percent of all fatal motor vehicle collisions involve impaired drivers. In Pima County, and even though the numbers have decreased, more than forty percent of fatal collisions in addition to numerous serious injury collisions and property damage involved impaired drivers. Although the past couple of years the number of these incidents have declined, continued and sustained funding of additional enforcement would continue to reduce the numbers and diminish the possibility of having these incidents increase.

Agency Attempts to Solve Problem:

The Pima County Sheriff's Department has employed a number of successful operations throughout recent years dealing with traffic safety, DUI enforcement and underage drinking. The funding obtained from this grant will allow these operations to continue and therefore reduce the number of collisions and roadway deaths while providing increased public awareness concerning traffic safety.

The Department has recently increased and/or maintained the number of deputies assigned to the Motorcycle, Traffic and DUI Units to combat the problem of alcohol impaired driving on Pima county roadways. Additional training provided by GOHS to include phlebotomy and HGN provide the deputies with the knowledge to conduct improved DUI investigations. Eighteen of the members assigned to Special Operations are also Phlebotomists.

The Pima County Department of Transportation has also assisted with public education and awareness of DUI by posting in excess of fifty (50) "Don't Drive Impaired" signs throughout Pima County. This has caught the attention of many citizens and victims of DUIs. It is anticipated more signs will be posted in the future to further the message of not driving impaired in Pima County. Cocktail napkins and coasters displaying the same graphic of the signs have been distributed throughout many Pima County establishments which provide

liquor further disseminating the "Don't Drive Impaired" message. These napkins and coasters were widely accepted by business owners who participated in the program.

Over the past several years, the Department has purchased a number of Preliminary Breath Testers (PBT). There are currently just over 250 PBTs assigned to deputies in the Patrol and Support Operations Divisions and several more in Judicial Security. These have proven to be invaluable devices and have been put to use every day.

The Pima County Sheriff's Department has worked with local schools and their resource officers to identify potential problem areas within the county. The Department employs saturation patrols when officers identify an area of concern. The Pima County Sheriff's Department also responds to schools on request to educate students about the consequences of drug and alcohol use in an attempt of prevention. The Pima County Sheriff's Department also collaborates with other law enforcement agencies to participate in DUI Task Force activities during times of increased youth alcohol use/underage consumption in Pima County including prom and graduation, back to school, and spring break as well as other holidays.

Agency Funding:

Federal 164 funds will support Personnel Services (Overtime) and Employee Related Expenses to support and enhance DUI Enforcement throughout the Pima County. The total amount of funding for this contract will be 164 solely.

How Agency Will Solve Problem With Funding:

Enforcement efforts will be handled in a multiple ways. The most effective tools in the Pima County Sheriff's Department's arsenal are the deployment of the Motorcycle and DUI Units. These units have been used in a number of functions to include both DUI enforcement and sobriety checkpoint operations.

The Pima County Sheriff's Department will implement a system of programs to deter alcohol/drug impaired driving, which will include aggressive enforcement of current laws, as well as visible and aggressive prosecution of violators. The department will develop DUI enforcement projects that will provide highly visible patrols and selective enforcement methods utilizing up to date techniques. The department will provide training for enforcement officers, prosecutors, and judges to facilitate in the arrest, prosecution, and adjudication of alcohol and/or drug impaired drivers.

The Pima County Sheriff's Department will participate in county wide multi-agency task forces; the mission of these Task Forces is to unite Arizona communities to implement a coordinated public information and education campaign along with combined DUI enforcement activities with the emphasis on holidays and specific event days throughout the year.

GOALS/OBJECTIVES:

Federal 164 funds will support Personnel Services (Overtime) and Employee Related Expenses to support and enhance DUI Enforcement throughout the Pima County. The total amount of funding for this contract will be 164 solely.

Expenditures of funding pertaining to Alcohol Enforcement including Personnel Services and ERE, Materials & Supplies, Capital Equipment and/or Travel In and Out of State shall comply with the Program Goals provided by the Arizona Governor's Office of Highway Safety. The program goal is to reduce the incidence of alcohol-impaired driving, fatalities, and injuries through enforcement, education and public awareness throughout Arizona. Law Enforcement personnel participating in Alcohol Enforcement/DUI activities including DUI Task Force details under this program shall be HGN/SFST certified.

MEDIA RELEASE:

To prepare complete press release information for media (television, radio, print and on-line) during each campaign period including a main press release, schedule of events, departmental plans and relevant data. **The material will emphasize the campaign's purpose, aggressive enforcement and the high cost of DUI / Alcohol in terms of money, criminal and human consequences.**

The Pima County Sheriff's Department will maintain responsibility for reporting sustained enforcement activity in a timely manner. Additionally, it is the responsibility of the Pima County Sheriff's Department to report all holiday task force enforcement statistics to GOHS on-line at the GOHS website **no later than 10:00a.m. the morning following each day of the event.**

The holidays and special events include but not limited to: Super Bowl Sunday, Valentine's Day, President's Day, St. Patrick's Day, Spring Break, Easter, Cinco de Mayo, Prom Night, Memorial Day, Graduation Day, Independence Day, Labor Day, Columbus Day, Halloween, and the Thanksgiving through New Year's details.

BAC TESTING AND REPORTING REQUIREMENTS:

Alcohol impairment is a major contributing factor in fatality and serious injury motor vehicle collisions. Accurate data on alcohol involvement is essential to understanding the full extent of the role of alcohol and to assess progress toward reducing impaired driving.

Arizona is presently and consistently below the documented average among the states in the Blood Alcohol (BAC) testing of drivers involved in fatality motor vehicle collisions.

Each law enforcement agency that receives an enforcement-related grant is required to ensure that this accurate data on all drivers involved are reported. Failure to comply may result in withholding funds and cancellation of the enforcement contract until this requirement is met.
