CONTRACT AMENDMENT

1. Parties, Background and Purpose.

1.1. Background.

On October 1, 2021, County and Contractor entered into the above referenced agreement ("Contract") for Contractor to provide tasers, body cameras, and data services to County.

In 2022, County and Contractor utilized Section 30 (Changes and Amendments) to add products and services to the scope of service of the Contract.

In 2024, County implemented a new financial system that re-numbered the contracts in County's financial system. Previously, this Contract had an associated County contract number of MA-PO-22-022. This Contract is now associated with a new contract number of SC2400001268. The Contract is the same, so the applicable terms and conditions remain the same.

On November 1, 2024, County and Contractor entered into another contract with Axon ("2024 Contract"), with an associated County contract number of SC2400002291, to allow County to acquire tethered unmanned aerial systems from Contractor. On November 26, 2025, County provided notice to Contractor it would be terminating the 2024 Contract in favor of including the scope of the 2024 Contract into this Contract Amendment.

1.2. Purpose.

County continues to require non-lethal TASER energy weapons, body cameras, accessories, and cloud-based data services. Additionally, advances in technology have provided an opportunity for County to enhance the effectiveness of the tools available and fuller understanding of performance of the tools. Complementary tools and programs are now available.

As a result, County and Contractor wish to expand the scope of this Contract to incorporate the elements described in this Contract Amendment. The new scope would include the entire scope of the 2024 Contract.

2. Term.

The parties agree to extend the contract term commencing on December 16, 2025, and terminating on January 31, 2036. If the commencement date is before the Effective Date of this amendment, the parties will, for all purposes, deem the amendment to have been in effect as of the commencement date.

3. Scope.

The parties have revised the Scope as described in this Section.

3.1. **Exhibit A – Amendment No. 01 Scope Modifications (39 pages)** is hereby incorporated into the contract.

4. Key Personnel.

Section 4 of the Contract (Key Personnel) is replaced in its entirety as follows:

Contractor will employ suitably trained and skilled professional personnel to perform all services under this Contract. Prior to changing any key personnel, especially those key personnel County relied upon in making this Contract, Contractor will obtain the approval of County. The key personnel include the following staff:

<u>Name: Danny Thielen</u>	<u>Title: Sr Key Account Director</u>
<u>Name: Jason South</u>	<u>Title: Technical Support</u>

5. Maximum Payment Amount.

The maximum amount County will spend under this Contract, as set forth in Section 5.2 (Not-To-Exceed (NTE) Amount) is increased by \$45,000,000.00. County's total payments to Contractor under this Contract, including any sales taxes, will not exceed \$71,578,000.00.

6. Heat Injury and Illness Prevention and Safety Plan.

Pursuant to Pima County Procurement Code Section 11.40.030, Contractor hereby warrants that if Contractor's employees perform work in an outdoor environment under this Contract, Contractor will keep on file a written Heat Injury and Illness Prevention and Safety Plan. At County's request, Contractor will provide a copy of this plan and documentation of heat safety and mitigation efforts implemented by Contractor to prevent heat-related illnesses and injuries in the workplace. Contractor will post a copy of the Heat Injury and Illness Prevention and Safety Plan where it is accessible to employees. Contractor will further ensure that each subcontractor who performs any work for Contractor under this Contract complies with this provision.

7. Forced Labor of Ethnic Uyghurs.

Pursuant to A.R.S. § 35-394 if Contractor engages in for-profit activity and has 10 or more employees, Contractor certifies it is not currently using, and agrees for the duration of this Contract to not use (1) the forced labor of ethnic Uyghurs in the People's Republic of China; (2) any goods or services produced by the forced labor of ethnic Uyghurs in the People's Republic of China; and (3) any contractors, subcontractors or suppliers that use the forced labor or any goods or services produced by the forced labor of ethnic Uyghurs in the People's Republic of China. If Contractor becomes aware during the term of the Contract that Contractor is not in compliance with A.R.S. § 35-394, Contractor must notify the County within five business days and provide a written certification to County regarding compliance within one hundred eighty days.

- 2.1 **Software License.** Subject to the terms of this Agreement, Axon grants Customer a royalty-free, nonexclusive, nontransferable, worldwide right during each Quote Term to use the Dedrone Software, including the Dedrone Data and Collected Data, subject to the terms of the Agreement and this Appendix (the "License"). Customer must purchase a License to the Software for each unit of Dedrone Hardware and/or Third-Party Hardware using Dedrone Software. Accordingly, Customer may only use the Software quantity and type of Hardware and/or Third-Party Hardware units specified on the applicable Quote. If Customer purchases additional Licenses during a current Term, the Term of the new License(s) will be pro-rated to terminate at the end of the then-current License Term. Use of the Dedrone Software is subject to the terms of the Agreement between the parties

3. Customer Obligations.

- 3.1 **Compliance.** Customer will use the Dedrone Products only in accordance with applicable specifications (the "Specifications") and in compliance with all applicable laws, including all applicable export laws and regulations of the United States or any other country. Customer acknowledges that due to the nascent nature of drone detection and mitigation technologies applicable laws and regulations may be changing or emerging over time, and agrees that it is Customer's responsibility to keep itself aware and remain compliant with the current laws and regulations that may apply, including but not limited to those that

may apply to advanced features available at Customer's option in the Dedrone Software. Customer will ensure that none of the Dedrone Products are directly or indirectly exported, re-exported, or used to provide services in violation of such export laws and regulations. Axon reserves the right to suspend use of any Dedrone Products operating in violation of such laws, following written notice to Customer. If Customer uses a radio jammer, or any other controlled device, in connection with the Dedrone Software, Customer represents to Axon that it is authorized to do so by the relevant authorities, that it will do so only in accordance with such authorization, and it will provide supporting documentation regarding such authorization upon request. Customer may be required to obtain legal authorization before any purchase or use of hardware sold by third parties. Axon shall not be liable if any government export authorization is delayed, denied, revoked, restricted or not renewed, nor shall any such delay, denial, revocation, restriction or non-renewal shall not constitute a breach of the Agreement by Axon.

3.2 Computing Environment. Customer is responsible for the maintenance and security of its own network and computing environment that it uses to host and/or access the Dedrone Products and for ensuring that any Third-Party Hardware meets the necessary specifications for use with the Dedrone Software.

4. Data Protection.

4.1 Data. If Customer licenses Dedrone Software, as part of its operation, the Dedrone Software may collect and send to servers owned, operated or controlled by Axon data or other information regarding Customer's use of the Dedrone Software, which may include (i) information generated by each Sensor deployed by Customer, including information related to the date, time, and duration of the detection of the drone, as well as the locations of the detected drones and remote controls and of the Sensor itself (collectively, "Sensor Data"), and (ii) video recording of the detected drones, including flight path ("Video Data") (Sensor Data and Video Data are collectively referred to as "Collected Data").

4.2 Use of Collected Data. Axon has the right to use Collected Data for any purpose, including: (i) improving any Dedrone Product; (ii) analyzing any Dedrone Product or the performance of any Dedrone Product; or (iii) compiling or using aggregate or de-identified Collected Data with other customers, or government and law enforcement entities, with or without compensation. Customer acknowledges that Axon may learn from the performance or use of any Dedrone Product, and Axon shall have the sole right to exploit any modification, enhancement or improvement of any Dedrone Product resulting from such learning.

4.3 User Data. To the extent Axon uses User login information, including name, email, username, and password (collectively, "User Data") for any purpose other than to provide services to the Customer, such User Data will be deidentified and anonymized, and will not be identified as having come from Customer, except that Axon may disclose User Data where Axon, in good faith, believes that the law or legal process (such as a court order, search warrant or subpoena) requires Axon to do so.

4.4 Security. Axon maintains industry standard physical, technical, and administrative safeguards (the "Security Measures") to protect Collected Data.

Except for the limited license granted to Customer in Section 2.1, Axon does not by means of this Agreement or otherwise transfer or license any rights in the Dedrone Products to Customer, whether by implication, estoppel or otherwise. To the maximum extent permitted by applicable law Customer will take no action inconsistent with Axon intellectual property rights in the Dedrone Products or any Dedrone Data.

5.2 Customer Property. Customer owns and retains all right, title, and interest in and to the User Data and does not by means of this Agreement or otherwise transfer any rights in the User Data to Axon, except for the limited rights set forth in Section 4.3.

-
6. **Government Restricted Rights.** To the extent that Customer is an agency or instrumentality of the U.S. government, the parties agree that the Dedrone Software and documentation are commercial computer software and commercial computer software documentation, respectively, and Customer's rights therein are as specified in this License, per FAR 12.212 and DFARS 227.7202-3, as applicable, or in the case of NASA, subject to NFS 1852.22.
 7. **Updates.** The Dedrone Software may include functionality that allows it to automatically download updates that may be made available by Axon. Customer consents to the installation of such functionality.

Chris Nanos, Sheriff

MEMORANDUM

To: Mr. Bruce Collins, Director Pima
County Procurement Department

From: Chris Nanos, Sheriff of Pima
County 

Re: **Intent To Terminate**
SC2400002291

Date: November 24th, 2025

Pursuant to Pima County Board of Supervisors Policy D29.4, the Pima County Sheriff's Department is providing notice of our intent to terminate for convenience Supplier Contract SC2400002291 Tethered Unmanned Aircraft System with Axon Enterprise Inc (Axon).

BACKGROUND

We have been working with Axon on Amendment No. 01 to Supplier Contract SC2400001268 to which we wish to add the scope of SC2400002291 to allow for increased bundling opportunities. Both contracts were procured under Board of Supervisors Policy D29.2 and Procurement Code Title 11.12.050. We anticipate presenting the amendment of SC2400001268 to the Board of Supervisors at their December 16, 2025, meeting. The amendment will cover the change in scope, as well as a change in termination date, a request for additional funds, adds the Heat Injury and Illness Prevention and Safety Plan language, and the Forced Labor of Ethnic Uyghurs language. Amendment No. 01 to Supplier Contract SC2400001268 and the associated BOSAIR will be routing shortly.

Consistent with Board of Supervisors Policy D29.4 and Supplier Contract SC2400002291 we will be providing 30 days notice of termination to Axon to roughly coincide with the execution of the amendment of Supplier Contract SC2400001268.

Attached is a draft notice of termination of Supplier Contract SC2400002291, which we would appreciate being transmitted by the Procurement Department with a date of notice of November 26, 2025. The language in the notice has been reviewed and pre-approved by the County Attorney's Office. We ask that the notice then be added to the official contract file and retained in the County's centralized contract repository, per Board of Supervisors Policy D29.4.

Thank you for your attention and assistance with this matter.
