This indemnity will survive the expiration or termination of this Contract.
- 6.2. All warranty and indemnification obligations under this contract shall survive expiration or termination of the Contract, unless expressly provided otherwise. Contractor will employ suitably trained and skilled personnel to perform all required services under this Contract. Prior to changing any key personnel, especially those key personnel County relied upon in making this Contract, Contractor will obtain County's approval.
- 9.2. Responsibility. Contractor is responsible for the professional quality, technical accuracy, timely completion, and the coordination of all its effort and other services furnished by Contractor under this Contract. Without additional compensation, Contractor will correct or revise any errors, omissions, or other deficiencies in all products of its efforts and other services provided. This includes resolving any deficiencies arising out of the acts or omissions of Contractor found during or after the course of the services performed by or for Contractor under this Contract, regardless of County having knowledge of or condoning or accepting the products or the services. Correction of such deficiencies will be at no cost to County.
- 9.3. Subcontractor License. Contractor will ensure that all Subcontractors have the appropriate and current license issued by the Arizona Registrar of Contractors for work they perform under this Contract. 14. **Non-Waiver.** The failure of County to insist in any one or more instances upon full and complete compliance with any of the terms and provisions of this Contract or to take any action permitted as a result thereof is not a waiver or relinquishment of the right to insist upon full and complete performance of the same or any other covenant or condition either in the past or in the future. The acceptance by either party of sums less than may be due and owing it at any time is not an accord and satisfaction.
15. **Cancellation for Conflict of Interest.** This Contract is subject to cancellation for conflict of interest pursuant to A.R.S. § 38-511, the pertinent provisions of which are incorporated into this Contract by reference.
16. **Termination of Contract for Default.**

- 16.2.7. Disregard of laws, ordinances, or the instructions of County or its representatives, or any otherwise substantial violation of any provision of the Contract; or
- 16.2.8. If a voluntary or involuntary action for bankruptcy is commenced with respect to Contractor, or Contractor becomes insolvent, makes a general assignment for the benefit of creditors, or has a receiver or liquidator appointed in respect of its assets.
- 16.3. Termination. In the event of a termination for default:
- 16.3.1. All finished and unfinished as-builts, shop drawings, documents, data, studies, surveys, drawings, photographs, reports and other information in whatever form, including electronic, acquired or prepared by Contractor for this project become County's property and will be delivered to County not later than five business days after the effective date of the termination;

16.4. Non-Termination. County will not terminate the Contract for default or charge Contractor with damages under this Article if:

16.4.1. Except for subparagraph 16.2.8 in subsection 16.2 above, the event of default or delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of Contractor. Examples of such causes include:

16.5. Receipt of Notice. For the purposes of subsection 16.1 above, "receipt of notice" includes receipt by hand by Contractor's onsite project manager, by facsimile transmission, or under the Notices clause of this Contract.

In that event, all finished or unfinished documents and other materials will, at the option of County, become its property. If County terminates the Contract as provided herein, County

will pay Contractor an amount based on the time and expenses incurred by Contractor prior to the termination date. However, County will make no payment for anticipated profit on unperformed services.

18. **Non-Appropriation of Funds.** Notwithstanding any other provision in this Contract, County may terminate this Contract if for any reason the Pima County Board of Supervisors does not appropriate sufficient monies for the purpose of maintaining this Contract. No right or remedy is intended to be exclusive of any other right or remedy and each is cumulative and in addition to any other right or remedy existing at law or at equity or by virtue of this Contract.
26. **Severability.** Each provision of this Contract stands alone, and any provision of this Contract found to be prohibited by law is ineffective to the extent of such prohibition without invalidating the remainder of this Contract.
27. **Delays.** Neither party will be considered in default in the performance of its obligations to the extent that the performance of any such obligation is prevented or delayed by any cause, existing or future, which is beyond the reasonable control of such party.
28. **Disputes.**
- 28.1. Resolving Dispute. In the event of a dispute between County and Contractor regarding any part of this Contract or the Parties' obligations or performance hereunder, either party may request a special meeting between their respective representatives to resolve the dispute. If the dispute remains unresolved, then either Party may request escalation of the issue to a meeting between the Director of the Pima County Department administering this Contract and Contractor's counterpart official, such meeting to be held within one week of the request, unless otherwise agreed. If the dispute is still not resolved after that meeting, then either party may pursue such remedy or remedies as may be available to them under the laws of the State of Arizona.
- 28.2. Performance. The Parties will continue performance of their respective obligations under this Contract notwithstanding the existence of any dispute.
29. **Public Records.**
- 29.1. Disclosure. Pursuant to A.R.S. § 39-121 et seq., and A.R.S. §§ 34-603(H), 604(H), in the case of Construction or Architectural and Engineering services procured under A.R.S. index specifically identifying and describing the general contents of each page so marked. The index is a Public Record and must not include any information considered confidential.

29.2.2. Notwithstanding the above provisions, in the event records marked confidential are requested for public release pursuant to A.R.S. § 39-121 et seq., County will release records marked confidential 10 business days after the date of notice to the Contractor of the request for release, unless Contractor has, within the 10 day period, secured a protective order, injunctive relief or other appropriate order from a court of competent jurisdiction in Arizona, enjoining the release of the records. For the purposes of this paragraph, the day of the request for release is not counted in the time calculation. Contractor will be notified of any request for such release on the same day of the request for public release or as soon thereafter as practicable. County shall not, under any circumstances, be responsible for securing a protective order or other relief enjoining the release of records marked confidential, nor shall County be in any way financially responsible for any costs associated with securing such an order.

If the breach is by a Subcontractor, and the subcontract is suspended or terminated as a result, Contractor will take such steps as may be necessary to either self-perform the services that would have been provided under the subcontract or to retain a replacement Subcontractor (subject to County approval if SBE or DBE preferences apply), as soon as possible so as not to delay project completion.

30.4. Subcontractors. Contractor will advise each Subcontractor of County's rights, and the Subcontractor's obligations, under this Article by including a provision in each subcontract substantially in the following form:

"Subcontractor hereby warrants that it will at all times during the term of this contract comply with all federal immigration laws applicable to Subcontractor's employees, and with the requirements of A.R.S. § 23-214 (A). Inspections by County will be promptly made, and where practicable at the source of supply. If any work should be covered up without approval or consent of County, it must, if required by County, be uncovered for examination at Contractor's expense.

ARTICLE 19. SUPERINTENDENCE - SUPERVISION

Any work done after such discovery, until authorized, will be done at Contractor's risk.

Neither County nor Contractor, will employ an employee of the other without consent.

ARTICLE 20. RESERVED

ARTICLE 21. CLAIMS FOR EXTRA COST FOR ADDITIONAL WORK

If Contractor claims that any additional instructions by drawings or otherwise involve extra cost under this Contract, it will give County written notice thereof within a reasonable time after the receipt of such instructions, and in any event before proceeding to execute the work, except in an emergency endangering life or property. No such claim will be valid unless so made.

ARTICLE 22. DEDUCTIONS FOR UNCORRECTED WORK

If County deems it not expedient to correct work injured or done not in accordance with the Contract, an equitable deduction from the Contract price will be made therefor.

Contractor will promptly remove from the premises all materials condemned by County as failing to conform to the Contract, whether incorporated in the work or not, and Contractor will promptly replace and re-execute its own work in accordance with the Contract and without expense to County and will bear the expense of making good all work of other contractors destroyed or damaged by such removal or replacement.

If Contractor does not remove such condemned work and materials within a reasonable time, fixed by written notice, County may remove them and may store the material at the expense of Contractor. If Contractor does not pay the expense of such removal within ten days' time thereafter, County may, upon ten days written notice, sell such materials at auction or at private sale and will account for the net proceeds thereof, after deducting all the costs and expenses that should have been borne by Contractor.

ARTICLE 23. SUSPENSION OF WORK

County may at any time suspend the work, or any part thereof by giving three (3) days' notice to Contractor in writing. When the reason for such suspension involves safety, health or welfare issues, the three (3) day written notice requirement may be waived at the decision of the County Management. Contractor will resume the work within ten (10) days after the date fixed in the written notice from County to Contractor to do so.

ARTICLE 24. COUNTY'S RIGHT TO DO WORK

If Contractor neglects to prosecute the work properly or fails to perform any provision of this Contract, County may, after three (3) days written notice to the Contractor, without prejudice to any other remedy it may have, make good such deficiencies and may deduct the cost thereof from the payment then or thereafter due Contractor.

ARTICLE 25. COUNTY'S RIGHT TO TERMINATE CONTRACT

If Contractor persistently or repeatedly refuses or fails, except in cases for which extension of time is provided, to supply enough properly skilled workers or proper materials, or if it fails to make prompt payment to subcontractors for material or labor, or persistently disregards laws, ordinances, or the instructions of County, or otherwise is guilty of a substantial violation of any provision of the contract, then County may, without prejudice to any other right or remedy and after giving Contractor ten (10) days written notice, terminate the employment of Contractor and take possession of the premises and of all materials, tools, and appliances thereon and finish the work by whatever method County may deem expedient. In such case Contractor will not be entitled to receive any further payment until the work is finished. If the unpaid balance of the Contract price will exceed the expense of finishing the work, including compensation for additional managerial and administrative service, such excess will be paid to Contractor. If such expense will exceed such unpaid balance, Contractor will pay the difference to County. County will certify the expense incurred by County as herein provided, and the damage incurred through the Contractor's default.

ARTICLE 26. REMOVAL OF EQUIPMENT

In any case of annulment or termination of this Contract before completion from any cause whatever, Contractor, if notified to do so by County, will promptly remove any part or all of its equipment and supplies from the property of County, failing which County will have the right to remove such equipment and supplies at the expense of Contractor.

ARTICLE 27. USE OF COMPLETED PORTIONS

County has the right to take possession of and use any completed or partially completed portions of the work, notwithstanding the time for completing the entire work or such portions may not have expired, but such taking possession and use is not an acceptance of any work not completed in accordance with the Bid documents. If such prior use increases the cost of or delays the work, Contractor will be entitled to such extra compensation, or extension of time, or both, as County may determine.

ARTICLE 28. PAYMENTS WITHHELD

County may decline to certify payment or, because of discovered evidence or observations, may nullify the whole or any part of any certificate for payment previously issued, to such extent as may be necessary in its opinion to protect County from loss because of:

- a. Defective work not remedied.
- b. Third party claims filed or reasonable evidence indicating probable filing of such claims.
- c. Failure of Contractor to make payments properly to Subcontractors or for labor, materials, or equipment.
- d. Reasonable evidence that the work cannot be completed for the unpaid balance of the Contract sum.
- e. Damage to another Contractor.

When the above grounds are removed, payment will be made for amounts withheld because of them.

ARTICLE 29. WARRANTY

Contractor will provide a written guarantee covering all costs for repair or replacement of defective work for a period of two (2) years (or longer if noted elsewhere in the construction documents) from substantial completion. Contractor will complete repair, or respond to County in writing with repair solution, within seventy-two (72) hours of notification by County. County may make emergency repairs to ensure life safety or to prevent property loss, without invalidating the warranty.

ARTICLE 30. LIENS

Neither the final payment nor any part of the retained percentage will become due until Contractor delivers to County a complete release of all liens arising out of this Contract, or receipts in full or in lieu thereof, and if required in either case, an affidavit that so far as it has knowledge or information, the release and receipts include all the labor for which a lien could be filed; but Contractor may, if any subcontractor refuses to furnish a release or receipt in full, furnish a bond satisfactory to County, to indemnify County against any lien. If any lien remains unsatisfied after all payments are made, Contractor will pay to County all monies that County may be compelled to pay in discharging such a lien, including all costs and a reasonable attorney's fee.

ARTICLE 31. RIGHTS OF VARIOUS INTERESTS

Wherever work being done by County's forces or other contractors is contiguous to work covered by this Contract the respective rights of the various interests involved will be established by the County to secure the completion of the various portions of the work in general harmony.

ARTICLE 32. SEPARATE CONTRACTS

County reserves the right to let other contracts in connection with this work. Contractor will afford other contractors reasonable opportunity for the introduction and storage of their materials and the execution of their work, and will properly connect and coordinate its work with theirs.

If any part of Contractor's work depends upon proper execution or results of the work of any other contractor, Contractor will inspect and its report will constitute an acceptance of the other contractor's work after the execution of its work.

To insure the proper execution of its subsequent work, Contractor will measure work already in place and will once report to County any discrepancy between the executed work and the drawings.

ARTICLE 33. COUNTY'S STATUS

The County has general review of the work and has the authority to reject all work and materials that do not conform to the Contract.

ARTICLE 34. CLAIMS AND DISPUTES

All claims, demands, disputes, controversies, and differences that arise between the parties hereto as result of or in connection with this Contract will be referred to County in writing with a request for review and response in accordance with this paragraph, which County will render in writing within a reasonable time.

Contractor will deliver written notice of each such claim, demand, dispute, controversy or difference to County within fifteen (15) days of the occurrence of the event giving rise thereto and written supporting data will be submitted to County within forty-five (45) days of such occurrence unless County specifies a different period of time in writing to Contractor. The submission to County with respect to any such claim, demand, dispute, controversy or difference will be a condition precedent to any exercise by Contractor of such rights or remedies as Contractor may otherwise have under the Bid documents or at law in respect of any such claim, demand, dispute, controversy or difference.

If either County or Contractor is dissatisfied with any decision of County and both parties agree in writing, then the dispute may be settled by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association, and judgment upon the award rendered by the arbitrator(s) will be entered in any court having jurisdiction thereof. All arbitration hearings must be held in Tucson, Arizona.

ARTICLE 35. CLEANING UP

Contractor will, as directed by County, remove from County's property and from all public and private property, at its own expense, all temporary structures, rubbish, and waste materials resulting from its operation.

Construction is subject to delay in that location pursuant to applicable State law, while consultation with the Arizona State Museum and appropriate documentation and data recovery takes place. To the extent permitted by law, all archaeological artifacts and other materials will belong to Pima County. No monetary compensation will be made to Contractor for any claims due to delays in the work schedule. Only the Contract construction time will be extended to permit the original scheduled number of days for completion of the project.

Should Contractor uncover, or otherwise become aware of the presence of any Hazardous Materials, Hazardous Wastes or Hazardous Substances during the construction of this project, notice will be served immediately to the County Project Manager, and all work surrounding said materials or substances will be ceased until directed to proceed. Construction delays due to Hazardous Materials, Hazardous Wastes or Hazardous Substances abatement may occur.

EXHIBIT C – SPECIAL PROVISIONS (3 PAGES)

Project Description:

Arthur Pack Regional Park currently uses potable water from multiple sources. Potable water sources within the park supply potable water to the irrigation system, potable water fixtures (hose bibs and fountains), and the facilities and restaurant for Crooked Tree Golf course.

This project will focus on rebuilding the irrigation system, so it operates using reclaimed water provided by the City of Tucson.

The irrigation system will be fully replaced with components suitable for reclaimed water. The work will also include replacing distribution lines, valves and control/management systems. The final system shall operate remotely using Rain Bird's IQ control system.

Potable water distribution lines will be reconfigured (or new lines installed) to supply the park's fixtures and the Crooked Tree Golf Course.

Potable water is accessible within the park from four – two-inch potable water connections and from two on-site wells. At least one well will be decommissioned as a part of this project. The scope will include as an add alternate, removal and disposal of equipment (to include well pumps, valves, piping, and water storage tanks).

The overall objective of this project is for the irrigation system to be on a separate reclaimed water source and for the current potable water fixtures to remain operational from a potable water supply.

Project Location:

9101 N Thornydale Rd
Tucson, AZ 85742

Project Scope:

Description of work:

The work is generally divided between the north portion and the south portion of the park. This delineation is used to define and describe the scope of work.

North Portion (Arthur Pack Park): This includes the work surrounding Fields #1 through #7. The reclaimed water connection will be supplied from a new reclaimed water meter to be installed at the existing Tucson Water facility located at the Overton Road entrance to the park. The potable water connections will be supplied by two of the four existing water meters located along Thornydale Road, east of Field #6.

South Portion (Hardy Field): This includes the work surrounding Fields #8 through #10, located north of Hardy Road. The source of reclaimed water will be a new (+/- 3,200 feet long) reclaimed irrigation mainline that extends from the new reclaimed meter in the north portion to the Hardy Fields. This water line will require careful routing through a culturally sensitive area. Work in this area will be observed by an archaeologist to preserve and protect any artifacts discovered while trenching and backfilling.

Base Bid Work:

Base bid work shall only include the improvements proposed for the north portion of the park and will consist of site preparation, removal of existing irrigation systems, removal of water fixtures, reconfiguration of points of connection, installation of a new irrigation system, installation of a new potable water supply system, and site restoration (landscape, concrete, grading, surfacing, as shown on the plans).

Additive Alternative Work:

1. Add Alternate #1:

- a. Add Alternate #1 includes all irrigation work required to provide a new irrigation water source, extend the irrigation mainline, and perform all necessary boring work for extension beneath Overton Road and playground parking lot, and install the new irrigation system for the Hardy Fields as shown on the plans.
- b. If this alternate is not awarded, only the northern portion of the project will be constructed. Irrigation improvements will terminate at the north side of the playground parking lot, with the new mainline for the Hardy Fields capped. Boring work beneath both the playground parking lot and Overton Road will not be included. Additionally, all improvement plans for the southern portion (Hardy Fields) will no longer be applicable.
- c. The following work will be completed by Pima County Conservation Lands & Resources as part of Add Alternate #1.
 - i. Removal and stockpile of the top 4" of soil from the Hedgehog Trail.
 - ii. Replacement of soil and restoration of the Hedgehog Trail after water line installation.

2. Add Alternate #2:

- a. Add Alternate #2 includes removing and disposing of remaining equipment at two well station sites: one near the basketball court in the north portion of the project, and the other north of Field #10 near right field in the south portion of the project. This work also includes restoring the sites after demolition, which involves grading the areas to be level and applying an ABC surface material consistent in size and color with the existing surface. Before this work begins, Pima County will identify, remove, and salvage certain equipment; any remaining items should be removed as outlined in the bid schedule. Bidders should assess the site conditions and on-site equipment prior to submitting pricing, as some items—such as the large metal storage tank and vertical well pumps—may require specialized tools or methods for removal. All costs should be included in the bid. Pima County will manage the regulatory process for abandoning the wells, which must be performed by a licensed well contractor, as required by ADEQ.
- b. If this alternate is not awarded, each well site shall remain in its current state and no removal or disposal work is required.
- c. The following work will be completed by Pima County Conservation Lands & Resources as part of Add Alternate #2.
 - i. Salvage of the chlorine system, air charging equipment, and electrical equipment (motors) from the North Well.
 - ii. Salvage of the variable speed stack pump, VFD pump controller, chlorine system, poly storage tanks (2 total), air changing equipment, and electrical equipment (motors) from the South Well.
 - iii. Completion of DWR Form 55-26 for both the North Well and South Well.
 - iv. Permit and filing fees for both the North Well and South Well.

3. Add Alternate #3:

- a. Add Alternate #3 includes the supply and installation of nine (9) Infield Dust Controllers which activate each infield dust control spray zone. This should include the controller, security enclosure, power supply, conduit, wiring/conductors, remote control valve, and associated equipment for each controller.
- b. If this alternate is not awarded, then the Base Bid shall not include the Infield Dust Controllers, and the remote control valve for the dust control spray zone shall be substituted with a 2" manual isolation valve. The valve make and model are listed in the irrigation schedule.

Additional Considerations:

1. Arizona Department of Water Resources (ADWR). Pima County PDC and NRPR will manage the process and complete documents required for abandoning the existing wells. On-site inspections required by ADWR shall be coordinated with the Contractor. The following documents are anticipated to be required as part of this process.
 - Well Owner's Notification of Abandonment
 - Well Abandonment Completion Report
2. Building permits secured through Pima County Development Services Dept. PDC will assist with facilitating the building permit process and will pay all required permit fees.
3. A SWPPP is required. This shall be prepared by the Contractor
 - Contractor NOI and SWPPP permit to be obtained prior to Construction.
 - Owner NOI to be submitted by PDC
 - SWPPP book/log to be completed by Contractor and provided to PDC at the end of the project with Notice of Termination.
4. The reclaimed water meter installation will be performed by a contractor through Tucson Water and is not part of this scope of work. Service and installation fees will be paid by Pima County.
5. Cultural oversight (archeological review) for the mainline within the Maeveen Behan Desert Sanctuary will be performed by a Consultant selected by Pima County
6. Other required permits are expected to be the responsibility of the contractor, such as those listed below. The close out process will require the Contractor to demonstrate permits have been finalized.
 - Grading and air quality
 - Noise pollution ordinance
 - Right-of-way permits
 - Traffic control
 - Fugitive dust control
7. All demolition & disposal of refuse that may be a product of the project will be the responsibility of the Contractor.
8. During construction, the contractor shall secure the area affected by construction activities by reasonable means such as construction fencing or barricades. At each construction day's end, any open excavation or missing pavement shall be covered and clearly barricaded to avoid safety conflicts with constituents.
9. Numerous incidents of property crime have occurred in the project area and the Contractor is advised not to leave any materials or equipment unsecured.
10. Restroom facilities for use by construction crew members shall be the responsibility of the contractor.
11. This project will have a 60-day maintenance period commencing on the date established for Substantial Completion of the work. Substantial Completion will be determined by Pima County and is based on development of a punch list.
12. Tucson Electric Power coordination for new electrical gear is the responsibility of the Contractor.
13. Construction Schedule
The schedule assumes Notice to Proceed will be issued on July 14, 2025 – the schedule will be relative to the actual NTP. Construction is anticipated to begin on August 4, 2025, with all work Substantially Complete no later than February 27, 2026.

Note: Abandonment of wells and removal of equipment will not begin until all other work is substantially complete, and the irrigation system is operational on the new points of connection.

In addition to other provisions required by the Federal agency or non-Federal entity, County is required to include the following additional provisions, as applicable, under 2 C.F.R. Pt. 200, Appendix II.

(A) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60–1.3 must include the equal opportunity clause provided under 41 CFR 60–1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964–1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

(B) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701–3708). Where applicable, all contracts awarded by the non–Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(C) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of “funding agreement” under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

(D) See § 200.323, Procurement of recovered materials.

2. The actual cash value of the damaged or stolen property as of the time of the "loss"; or
3. The actual cost of repairing or replacing the damaged or stolen property with other property of like kind and quality. A part is of like kind and quality when it is of equal or better condition than the pre-accident part. We will use the original equipment from the manufacturer when:

For each leased, hired, rented or borrowed covered "auto" our obligation to pay each applicable "loss" will be reduced by the hired "auto" deductible on this policy. If there is no hired "auto" coverage symbol 8 for physical damage coverage on the policy, our obligation to pay for each "loss" will be reduced by the deductible equal to the highest deductible applicable to any owned "auto" for that coverage. No deductible will be applied to any "loss" caused by fire or lightning.

1. We will pay temporary transportation expenses for total theft of a covered "auto". We will only pay for such expenses incurred during the period beginning 24 hours after the theft and ending, regardless of the policy's expiration, when the covered "auto" is returned to use or we pay for its "loss".
2. For "loss" other than total theft of a covered "auto" under Comprehensive or Specified Causes of Loss Coverage, or for any "loss" under Collision Coverage to a covered "auto", we will only pay for those temporary transportation expenses incurred during a period of time reasonably required to repair or replace the covered "auto", even if that time period extends beyond the policy expiration date.

2. The actual cash value of the damaged or stolen property as of the time of the "loss"; or

 - (b) Reasonable and diligent efforts to locate the appropriate rebuilt, aftermarket or used part have been unsuccessful; or
 - (c) A new original equipment part of like kind and quality is available and will result in the lowest overall repair cost.

For each leased, hired, rented or borrowed covered "auto" our obligation to pay each applicable "loss" will be reduced by the hired "auto" deductible on this policy. If there is no hired "auto" coverage symbol 8 for physical damage coverage on the policy, our obligation to pay for each "loss" will be reduced by the deductible equal to the highest deductible applicable to any owned "auto" for that coverage.
