**Agenda Item #31: Economic Consultants Oregon, Ltd., d.b.a. ECONorthwest, to provide for the Comprehensive Housing Market Study and Charrette Project, Regional Affordable Housing Fund, contract amount \$425,000.00 (SC2400001908)**

Pima County is going to pay ECONorthwest to do a housing market Study: \$425,000 to tell us that there is not enough housing, and the average rent is too high. If the Bos want to know about housing why don't they ask the 50 or more persons (FTE) on the payroll in that area. The BOS could talk with any property manager and get the information about housing. They could answer the phone when people that are facing eviction or having problems paying the rent call for assistance. Ask them why they are having problems.

It is shameful that the BOS will pay a service to do a study for \$425,000.00 that will not go into helping people that are being evicted or behind on their rent.

If they gave \$425.00 to 1,000 people this month there would be a better outcome for all of Pima County. What a waste!! Affordable Housing Planning at Pima County needs to be examined for some common sense.

#20 Please appoint Tracy Ethridge Nielsen immediately. The Constable's office needs assistance.

#31 We already know we have a problem. Instead of paying more than \$400,000 to "studd," why not help people who are behind on their rent

#29 Why are we paying millions for pet care when humans are on the street?
